UIS Hardware Standards [1]

UIS Service Desk Hardware Standards

The Service Desk supports a range of hardware configurations to support the business needs of System Administration employees. The following table outlines the "CU Standard" hardware that is available for purchase via the CU Marketplace. Both Dell and Apple hardware is available for purchase.

Complete the Hardware and Software Request [2] form to order hardware.

Please refer to the following for specifications for the listed hardware:

Dell Latitude 7240 / 7440 Specifications Sheet [3]

Dell Optiplex 9020 Specifications Sheet [4]

Dell P2214H 22" Monitor Specifications Sheet [5]

Dell P2414H 24" Monitor Specifications Sheet [6]

Refer to the Common IT Acronyms and Definitions [7] list for help interpreting hardware options.

Please note: Hardware that falls outside of the standards listed on this page may not be fully supported by the Service Desk. Please contact the Service Desk for assistance identifying hardware that will fit your business needs.
