September 23, 2026 by Melanie Jones [2]

Popularity is such a burden. Luckily, you have Cvent. Should your event or session close due to reaching capacity, and invitees still want to come, the waitlist page will appear when they attempt to register. Learn how to set up your event and/or session waitlist, customize the waitlist notification email, and manage waitlisted invitees. Check out the resources from Cvent below:
