Account Tree Level 6 [1]

November 24, 2014 by Carl Sorenson [2]

We have fixed the level 6 drilling in m-Fin EXPENDITURE ACTUALS BY MONTH - TOTAL. The drills presented by this report are supposed to be limited to the ACCTTREE LEVEL06 range the user is clicking on. Now they are and this is available for you to test in Cognos QA. **[08-dec-2014 - migrated to production.]** We had to add a level06 prompt to m-Fin ACCOUNT NUMBER and m-Fin FINANCIAL DETAIL. It's on the second page of prompting in these reports, down at the bottom.
