Student Finance Drill from m-Fin FINANCIAL DETAIL II [1]

July 12, 2019 by Sarju Khadka [2]

In an effort to make m-Fin FINANCIAL DETAIL II function similar to m-Fin FINANCIAL DETAIL, we have added Student Finance (SF) drill to the report. SF drill will appear only if you have access to Student Finance data. If you don't have access, the dollar amount will not present as drillable. If you need SF access, contact your campus Bursar (Denver|Anschutz, Boulder, or UCCS).

This enhancement to the report has migrated to production. If you want us to add other features like this to m-Fin FINANCIAL DETAIL II report, or if you have any new enhancement requests, please let us know.
