Have You Made Your Department Work Better? Tell the CU Innovation & Efficiency Program About It! [1]

January 7, 2017 by normandy.roden [2]

Have you improved a business process? Send your success story to the CU Innovation & Efficiency (CU I&E) Awards Program and you might win a $1,500 cash award! [3]

The CU I&E Awards Program [4] -- previously known as the CU Shared Practices, or CUSP, Program -- is a recognition program designed to highlight the creative processes of CU employees.

Through the CU I&E Awards, you can share what you've done to work better, whether it's by creating efficiencies, saving time, or saving money. You can get recognition for accomplishments within your own department – and inspire other employees to take a new look at how their departments work.

Here's how you get going:

- Read about the program [4]
- Learn more about the vetting process [5]
- See what other employees have submitted in previous years [6]
- Then, send us *your* success story! [7]

Questions? Contact the CU I&E Awards Program Coordinator Fran Chapman [8].
