New PSC Resource: Procurement Tableau Dashboards [1]

May 5, 2026 by Staff [2]

The PSC is excited to share a new resource designed to make it easier to access and explore procurement data across the CU system.

The **Procurement Tableau Dashboards site** [3] provides step-by-step instructions for requesting access to interactive dashboards that cover key areas like spend, travel, suppliers, and more. Whether you're looking to answer a quick question or dig into trends over time, these dashboards are built to help you find what you need—without the usual data scavenger hunt.

Explore the site:

What you'll find

- Guidance on how to request access
- Overview of available dashboards
- Tools to support both quick insights and deeper analysis

If you have questions, need help getting started, or aren't sure which dashboard fits your needs, reach out to the team at PSCBusinessIntelligence@cu.edu [4].
