CU-Data Upgrade: Work Continues [1]

March 20, 2024

Work continues on the upgrade to the CU-Data reporting system. The go-live date will be announced as soon as it's determined.

As a reminder, our reporting team identified an issue that needs to be addressed by the software vendor before we can go live.

We continue to test and to refine our training resources -- webinars, online video/text instructions. We will keep you updated via our CU-Data Upgrade website [2], our OUC News [3], and our m-Fin blog [4].

Questions? Use the Questions & Feedback form at the bottom of the upgrade website [2] ... or contact the OUC's Financial Services & Solutions (FSS) team at FSS@cu.edu [5].
