SafeZone Training

Cammie Kennedy gave a power point presentation that she and Ed Cannon had put together for a SafeZone training. The presentation was followed by a lengthy discussion and committee members agreed that it could form the basic outline of the 4th annual symposium. Members also suggested that the presentation become part of the mandated diversity training for CU employees, in an attempt to provide some consistency in training materials on GLBTI issues.

The safeZone training will be on May 20, 2015 at the Anschutz Medical Campus.

4th Annual Symposium Planning

Committee members agreed that the Symposium theme will be: *Intersections: Moving the conversation forward* and deliberated whether the documentary *The Case against the 8* will be screened, including screening locations. Tasks to outline a speaker and develop a schedule were also discussed.

Adjournment

There being no other business, the meeting was adjourned. The next meeting to be held during the summer will be determined at a later date.
