Blank Screen? [1]

April 22, 2014 by Carl Sorenson [2]

Problem

You are in Cognos browsing the folders. You click on a report name intending to run it. You get a mostly blank screen. You are running Microsoft Internet Explorer (MSIE).

Solution

Use MSIE's *Compatibility view*. While in Cognos, before you click on a report name, click *Tools > Compatibility View settings* and then the *Add* button.
