Training

Lisa Vallad of FPBS teaches an excellent half-day m-Fin class for System Administration, Denver | Anschutz, and UCCS. Sign up for it via the new Training tab at the top of the m-Fin blog.

Documentation

FPBS also documents all m-Fin reports and recently overhauled this documentation, orienting it for on-line use. Features common to most m-Fin reports are described in one place rather than repeated in each document. See Reporting System Learning Resources under Related Links.
