

FishNet Updates ^[1]

July 31, 2012 by [\(not verified\)](#) ^[2]

Your dedicated Cognos Reporting team members – Carl Sorenson and Rosen Georgiev – continue their work on the FishNet replacement reports. A few comments from them on the subject of FishNet:

- No production m-Fin reports will change in August.
- In Sept, we'll start decommissioning individual FishNet reports and migrating the related m-Fin changes into production from the test environment (Cognos QA).
- We expect to have all FishNet financial queries decommissioned by the end of the calendar year (Dec 2012).

By the way – did you know that Carl drew the original Fish- Net logo? (Yes, we're going to miss that silly-looking fish!) We're looking forward to hearing what you think as we develop additional m-Fin replacements for the old tool's reports.
