

November Recap ^[1]

November 30, 2017 by [Kate O'Connell](#) ^[2]

Hard as it may be to believe, the new calendar year is just around the corner! Take a few minutes to grab a cup of coffee or tea and catch up on this month's SET happenings including a training program recap and checklist for year-end action items.

eComm Program Updates

The eComm program recently launched **a new and improved website**. Thanks to the hard work and organizational genius of eComm Director Jennifer Hane and eComm Training Manager Melanie Jones, the redesigned website is a trove of useful information. In addition to a site redesign, the eComm team also launched **a new training program**. eComm training now includes two custom training tracks for both new users and continuing users. I highly recommend that all SET users attend 1 - 2 eComm trainings per month so that your eComm skills stay in tip-top shape.

Year-End Checklist

As this year comes to a close, take time to walk through the following checklist items with your team:
