Deductions

Payment for certain approved university and state services, and activities is available through payroll deduction. Most of these deduction items have specific forms designed for that particular deduction, and are controlled and maintained by the department that provides the service or activity.

Many of these campus-specific deduction forms are available through the Employee Services [Forms page](#) [1]. Any additional forms can be obtained through the campuses.

For sign-up information and/or questions about a deduction amount, contact the following departments/organizations:

Deductions (General) ? Campus Contacts and Payroll Schedule
