Employment Groups

Employee Services has organized its payroll policies and forms to help members of each employment group quickly access the information they need. Use the "**I am a**" feature on the [Employee Services homepage](#) ^[1] to find the information that suits your needs.

Employment Groups

- Faculty
- University Staff
- Classified Staff
- Student Employees
- International Employees
- Medical Residents & Fellowships
- Retirees

The University of Colorado's employment groups often dictate payroll policies and benefits. Internal Revenue Service (IRS), Social Security Administration (SSA), state of Colorado and University of Colorado rules, regulations, policies and procedures also govern these functions.
