## Vertical Lists

Use vertical lists for lists that are long or contain items on several levels.

Use vertical lists for quick-reference items or for visual prominence.

Use numbers when items on a list follow a specific order.

Use bullets as visual markers for each item.

If the introductory statement is a complete grammatical sentence, end it with a colon. List items do not begin with capital letters and do not carry closing punctuation unless they are complete sentences.

- Example: Include the following documents in your application:
  - completed application
  - personal essay
  - three letters of recommendation

If the introductory statement is not a complete sentence, use the punctuation mark that's appropriate for the context (comma, semicolon, dash, or nothing). List items do not start with capital letters and have no closing punctuation.

- Example: The final report outlined the company?s
  - increased fundraising efforts
  - stabilized employee retention
  - increased recruitment efforts

## Numbered Lists

Numbered items begin with a capital letter.

Do not use closing punctuation unless the item is a complete sentence.

## Series

Separate items in a series with a comma. Do not use a comma before the conjunction.

- Example: The students came from California, Colorado, Maryland and Nebraska.

If the series contains lengthy elements or elements that require separation with a comma, use semicolons to avoid confusion. Use a semicolon before the conjunction in a series.

- Example: Faculty conduct research in molecular and cellular pathology and toxicology; drug delivery systems; protein structure and delivery; cancer, heart, lung and blood diseases; and alcohol and drug abuse.
