Purpose

What is the ePER Summary by Org report?

The ePER Summary by Org report is run in the Cognos Reporting System. It focuses on a particular semester and includes all of an organizational unit's individuals who have been paid by a sponsored project, or who have a cost share effort commitment for a sponsored project, and must therefore certify an ePER. The report lists detailed payroll totals allocated to various projects and a dollar amount for "Total Other Institutional Support." It also indicates whether or not their effort has been certified.
