Fiscal Procedures [1]

Colorado State Senate Bill 10-003, enacted by the General Assembly and signed by the Governor and effective June 9, 2010, amends section 24-30-202, C.R.S. As amended, section 24-30-202(13)(b), C.R.S., allows a governing board of an Institution of Higher Education that has adopted fiscal procedures and has determined that such fiscal procedures provide adequate safeguards for the proper expenditure of the moneys of the institution to elect to exempt the institution from the fiscal procedures promulgated by the State Controller pursuant to section 24-30-202. An institution that is exempt from the state fiscal rules is also not required to comply with the provisions of subsections (1), (5)(b), (20.1), (22), or (26) of section 24-30-202, C.R.S.

On June 24, 2010, the Board of Regents of the University of Colorado (?Regents?) determined that existing fiscal policies and practices of the University in addition to the forgoing University of Colorado Fiscal Procedures (the ?Procedures?) provide adequate safeguards for the proper expenditure of the moneys of the institution. Accordingly, the Regents elected to exempt the University of Colorado system (the ?University?) from the fiscal rules promulgated by the State Controller. The forgoing Procedures were adopted by the University President effective July 1, 2010.

Scope of Procedures

These Procedures are applicable to all university employees and officials, and any representatives of the University authorized to conduct official University Business. These Procedures govern any transaction of any kind and in any medium that involves the commitment or expenditure of University monies or resources. These Procedures are intended to be implemented in concert with applicable state and federal laws and regulations, the Laws of the Regents, and all applicable University policies. Wherever possible, any conflict between these Procedures and any state or federal law and regulation, Law of the Regents, or applicable University policy, should be harmonized. The Vice President for Budget and Finance has final authority to interpret these Procedures.

- No changes to the provisions governing Changes, Vendor Offset, Assignment and Successor, Independent Contractor, and Funds Availability may be made without the prior approval of the Chief Procurement Officer or University Controller; and
- No changes to the Choice of Law provision (except for silence as to governing law) may be made without written approval by a Reviewing Attorney and the campus chancellor or University President, as appropriate.

3.4 Services involving transfer of confidential information. Where Purchase Orders issued by the University involve the transfer of or access to confidential electronic information, University departmental personnel shall comply with applicable University policies related to confidential information and IT security and with applicable laws and regulations related to confidential information.

4. UNIVERSITY CONTRACTS

The University shall use a University Contract as the Commitment Voucher for all purchases or leases of goods and services, as required under Fiscal Procedure 3-1. University Contracts shall comply with requirements of Fiscal Procedure 3-1 and this Procedure.

5. AFTER-THE-FACT PURCHASES

An After-the-Fact Purchase occurs when liabilities are incurred or payments are made on the University's behalf without prior approval of a University Purchase Order or contract when a Purchase Order or contract is required.

5.1 Payment Prohibition. The University shall not make payments to a vendor when an After-
the-Fact Purchase has occurred, unless the violation has been ratified as required in this procedure.

- After the Fact purchases of less than $50,000 must be ratified by the respective Campus Controller.
- After-the-Fact purchases of $50,000 or more must be ratified by the University Controller.

5.2 **Personal Liability.** Under CRS §24-30-202(3) any person(s) who incurs or orders an obligation or makes a payment which creates an After-the-Fact Purchase may be personally liable for such obligation, unless the After-the-Fact Purchase is ratified by the University Controller.

5.3 **Internal Controls.** The University shall maintain an adequate system of internal controls to identify After-the-Fact Purchases, to prevent or minimize such violations, and to implement the provisions of this section.

5.4 **Ratification.** The University Controller (or the Campus Controller, for amounts up to $50,000), in his or her sole discretion, may ratify the expenditure or obligation creating an After-the-Fact Purchase, if he or she finds all of the following:

- The prices or rates are fair and reasonable;
- The amount of the expenditure is within the unencumbered balance;
- The University department provides a written explanation in accordance with the applicable PSC Procedural Statement.
- The parties did not act in bad faith or in a fraudulent manner; and
- The violation is not repeated or part of a consistent pattern of After-the-Fact Purchases.

- Late renewal of a Commitment Voucher already in place from a previous period.
- Subcontracts executed in an office of contracts and grants.
- Commitment Vouchers between the University and an affiliate institution; refer to http://www.ucdenver.edu/academics/colleges/medicalschool/PatientCare/Pages/PartnerHospital.aspx [2] for list of affiliates. 8.1 Prohibited Use. A Vendor Agreement shall not be used in lieu of a University Purchase Order or contract, where one is required, absent the prior written approval of the Chief Procurement Officer. A Vendor Agreement is not required where a University Purchase Order or contract is not required, except as provided in this Procedure.

8.2 Permitted Use. The University Controller or the Chief Procurement Officer may authorize the use of Vendor Agreements up to $10,000, if a University Contract or Purchase Order is not required.

8.3 For all Vendor Agreements, the Procurement Service Center shall ensure that the Vendor Agreement complies with the requirements of Fiscal Procedure 3-1.

9. PURCHASE ORDER TERMS AND CONDITIONS. See Appendix II.

Procedure 2-3 RECEIVING REPORTS

Receiving reports, or other sufficient documentation, shall be prepared for all goods and services received, showing actual quantities, any unsatisfactory condition, and compliance with specifications, prior to processing a voucher for payment.

Exceptions to Procedure:

- A receiving report need not be prepared for personal service expenditures.
- When an adequate system of internal accounting and administrative controls exists to provide sufficient verification that goods or services were received, the University may not require a certified receiving report.

Procedure 2-4 PURCHASE DISCOUNTS

Payments shall be processed in a timely manner and made within the allowable discount period to ensure the University takes advantage of purchase discounts.

Procedure 2-5 INTEREST PAYMENT ON DELINQUENT PAYABLES

The University shall process invoices and other notices of liability as efficiently as possible in order to ensure payment in accordance with contractual or invoice terms, and in the absence of such terms, as soon as possible, or in accordance with statutory provisions. A Delinquent Payable shall be assessed interest at the applicable statutory rate.

All written contracts and Purchase Orders shall provide for a reasonable time of payment considering the nature of the goods or services provided and review and approval required for payment. If no time for payment has been provided for in writing, interest on the unpaid
balance shall be calculated beginning with the forty-sixth day after the liability for such payment arises under this Fiscal Procedure. Interest shall be assessed at the applicable statutory rate or as stated in the contract or Purchase Order and, if higher, approved by the University Controller.

Payment of the interest liability incurred under this fiscal Procedure shall be processed on a separate voucher. The voucher shall be supported by a written claim, prepared by the University of Colorado or the vendor, referencing the Delinquent payment, the number of days of interest to be paid, and the applicable interest rate. Such claims may be modified by the University to adjust payments to include such items as additional interest due for time required to process interest payments.

Procedure 2-6 INTERAGENCY PURCHASES AND PAYMENTS

The University shall make payment for purchases of goods and services from another state Agency or Institution of Higher Education within 30 days after receipt of a valid invoice.

Disputes Arising from Interagency Purchases

If a dispute arises as a result of an Interagency Purchase, the following steps will be used to resolve the dispute:

- The University, if disputing the charge shall notify the state Agency or Institution of Higher Education providing the goods or services and attempt to resolve the dispute. If necessary, the chief executive officers, or designated authorities of these Agencies involved shall assist in the resolution.
- If the University and the state Agencies and/or Institutions of Higher Education involved cannot reach a satisfactory resolution, the University, if disputing the charge may, within 30 days of the date of the last meeting held to resolve the dispute, petition the State Controller to resolve the dispute.
- If the State Controller is petitioned to resolve the dispute, the decision of the State Controller will be rendered within a reasonable time and be final and binding on all parties concerned.

Procedure 2-7 OFFICIAL FUNCTIONS AND TRAINING FUNCTIONS

Official Functions and Training Functions shall be held to achieve program objectives and shall be limited to reasonable and actual Costs. The attendance of University employees at Official Functions shall be kept to a minimum and shall include only those individuals directly related to the purpose of the function. Expenditures shall be kept to a minimum as they have the potential of being perceived to be for personal benefit and an abuse of public funds. Expenditures incurred for Official Functions shall be approved by a departmental approver or by the University Controller.

Procedure 2-8 MISCELLANEOUS COMPENSATION AND OTHER BENEFITS (PERQUISITES)

- Honoraria
- Clean Air Transit Benefit for University Employees
- Events Sponsored by the University
- Instructional Courses and Job-Related Training
University-Owned Housing Provided to State Employees
Temporary Housing Provided to Visitors and Guests
Uniforms and Maintenance of Uniforms
Bookstore Discounts
Authorized Commuting
Exceptions to Procedure

An employee of the University shall not receive any type of Benefit by virtue of their position unless such Benefit is provided under this Procedure. An employee shall not have the authority to grant any perquisites, nor shall any employee receive any perquisite except as provided by state statute or under this Procedure. Monetary allowances shall not be given to employees in lieu of Benefits, except as provided by statute or approved by the University Controller. Where University policies and state statutes provide allowances for maintenance and ordinary expenses incurred in the performance of duty, it is the responsibility of the University Controller to establish specific expenses that are covered by the allowance so that the same expenses are not also directly reimbursed.

Miscellaneous Compensation and Other Benefits (Perquisites)

1. Honoraria
University officials and employees may be asked to address an audience for which they receive an honorarium. If such speaking engagements occur outside normal working hours, or their normal work load, or while on annual leave, and there is no cost to the University for travel expenses, the official or employee may retain the honorarium. However, if the engagement occurs during normal working hours, or within their normal workload, as any other duty, the honorarium is to be turned over to the University. Any travel expenses related to the engagement would then be valid expenses for reimbursement by the University.

2. Clean Air Transit Benefit for University Employees:
To promote the University's mission of mitigating traffic congestion and creating clean air solutions, and to help equalize Benefits for those University employees that do not receive free parking, the Chief Executive Officer may offer a clean air transit Benefit to University employees. If offered, the Benefit shall be offered on an equal basis to all permanent full-time employees within the geographic area served by the mass transit provider and also, if deemed appropriate by the University, may be offered on an equal basis to all part-time employees within the same geographic area. Further, where the University has employees in different locations, the Benefit shall be offered based upon the applicable price structure of the mass transit provider for each of those specific locations. The clean air transit Benefit may be the total cost of using mass transit or a portion of the total cost.

Prior to offering the Benefit, the University shall develop an implementation plan. The plan shall contain the number of employees expected to receive the Benefit, the estimated cost, if any, to be paid by the employee, and the estimated fiscal impact on the University. Any contract between the University and the mass transit provider shall be approved by the University Controller.

The University, when providing the clean air transit Benefit for their employees, shall maintain records showing the actual number of employees receiving the Benefit, the actual cost, if any, paid by the employee and the cost to the University for providing the Benefit.

3. Events Sponsored by the University:
A reasonable discount may be offered by the University to officials and employees to improve attendance or participation in University-sponsored events. Examples include discounts on admission to athletic games and cultural, educational, recreational, or other events.

Such discounts shall generally be offered on a first-come, first-served basis, except that the University may reserve a specified and reasonable number of admissions to particular events to be distributed on a targeted basis for the purpose of public relations or alumni relations, or for the purpose of student or employee recruitment. The Chief Executive Officer of the University shall approve in writing all plans for discounted admissions.

4. Instructional Courses and Job-Related Training
Job related and career enhancement courses may be provided in accordance with applicable University policies or as authorized by a relevant department head to University employees at no cost or at a reduced cost as authorized by the University.

5. University-Owned Housing Provided to University Employees:
The University may provide housing for a University employee where University-owned facilities are available and it is in the best interest of the University. The rent charged shall be based on the economic rent determined by the University and shall take into consideration any limitations placed on the employee as a condition of employment, location of the employee's work place, and other factors deemed appropriate by the University.

An Economic Rent Study shall be conducted prior to the house or dwelling being offered for rent to a University employee. A new Economic Rent Study shall be conducted on or before July 1, every three years thereafter. The rent charged shall be reviewed and if necessary, adjusted on an annual basis. The rent charged for each house or dwelling shall be approved in writing on July 1 of each year by the Chief Executive Officer.

The University shall execute a rental agreement with the University employee and make payroll deductions for the rent. If the rented unit does not have separate utility meters, the University shall also make payroll deductions for the estimated utility Costs. The University shall maintain adequate documentation to support the rent and utility Costs assessed for each house or dwelling.

6. Temporary Housing Provided to Visitors and Guests:
Where space is available, temporary housing may be provided to visitors and guests of the University in accordance with applicable University policy, if any. The charge for such accommodations shall be set at an amount which will at least recover all Direct and Indirect Costs and be reasonable in comparison to the charge for similar housing, if such housing is available.

7. Uniforms and Maintenance of Uniforms:
Uniforms required to be worn by University employees and the necessary maintenance of these uniforms may be provided to the employee by the University at no charge, or at a reduced charge, or through a uniform allowance.

8. Bookstore Discounts:
Discounts may be authorized by the University for faculty members and employees for purchases at its bookstores.

9. Authorized Commuting
University-owned motor vehicles may be used for taxable commuting in accordance with applicable University policies. Imputed income may be assessed and reported for the use of a University-owned vehicle in accordance with applicable Internal Revenue Service Code and regulations.

Exceptions to Procedure:

- Any housing or housing allowance established pursuant to an employment contract approved by the Board of Regents shall not be governed by this Procedure.
- Self-liquidating facilities such as faculty apartments and student housing or trailer houses used as temporary housing at remote workplace stations are exempted from this Procedure.
- Any voluntary separation incentive plans established for University employees shall be governed by applicable state statute.

Procedure 2-9 MOVING AND RELOCATION

Moving and relocation expenses for employees exempt from the State Personnel System are allowable in accordance with applicable University policies. Moving and relocation expenses for employees in the State Personnel System are only allowable as expressly provided in the State Personnel Rules.
