Fluid Navigation in the Finance System [1]

The purpose of the Fluid Navigation in the Finance System course is to present the new tile-based ("Fluid") user interface that accompanies this year's annual PeopleSoft update. Fluid is designed to create a better user experience by detecting the screen size of the device being used and adjusting content so that it "flows" in the optimal way.

Program Level: Basic

Prerequisites: None

Advanced Preparation: N/A

Instructional Method: Group-Internet Based

Instructor: Calvin Anderson [2] and Guy Chavez [3]

Recommended CPE Credit: 1.0 Hours

Field of Study: Computer Software and Applications

Course Objectives:

At the end of the course, participants will be able to:

- Navigate the new finance, accounting, and grants home pages, using tiles and favorites
- Exercise their options for personalization
- Open and manage multiple windows
- Find FIN- and Grants-specific content

NASBA Statement:

The University of Colorado is registered with the National Association of State Boards of Accountancy (NASBA) as a sponsor of continuing professional education on the National Registry of CPE Sponsors. State boards of accountancy have final authority on the acceptance of individual courses for CPE credit. Complaints regarding registered sponsors may be submitted to the National Registry of CPE Sponsors through its website: www.learningmarket.org [4].
