

Ryan Day ^[1]

Finance & Reporting Systems - Financial Systems Analyst

Ryan's primary responsibility is to consolidate and submit the university's ARRA reporting. He works with the CU campuses, the State Controller's Office, and State IT Office to ensure the submission is accurate and timely. In addition, he provides support for the finance system which includes query development, testing of enhancements, and maintenance of chartfields.

Questions Ryan can answer:

- Why is my allocation not working?
- Why is my journal in error?
- How do I create pivot tables and lookups in Excel, or data queries in Access?

Facts:

- Ryan has a BSBA in Finance from the University of Colorado Denver, 2002
- Ryan is a professional musician, having performed in numerous musical groups including the Colorado Skye Pipes & Drums band.
- Ryan has one older brother who is a Chiropractor.
