ECOMM

Published on *University of Colorado* (http://www.cu.edu)

New Users [1]

Request Access [2]
If you send more than a few email campaigns per year, you'll want to request access [2] so you can manage and deliver your campaigns independent of your campus eComm specialist [3].

1-time Email Request [4]
If you would like your campus eComm specialist [3] to send an email for you, submit a 1-time email request [4]. Please expect at least a two-week turn-around. This means you need to plan ahead!

Groups audience:
eComm
