Excellence in Leadership Program (ELP) [1]

This program provides faculty and staff opportunities to become more effective leaders who can successfully address the key challenges of a dynamic university. Throughout the program, university leaders gain knowledge and skills to fulfill the promise of CU's current and future academic and administrative excellence.

To strengthen the understanding and relationship within and across CU, all CU campuses—as well as System Administration—participate in the program.

Excellence in Leadership Award

Each year, the Excellence in Leadership Award honors a graduate of the Excellence in Leadership Program (ELP) (formerly called the Emerging Leaders Program) who has shown exemplary leadership at the university.
