CU: Data Center Policy and Procedures	Required for anyone who has access to the data centers on the CU Denver campus or the CU Anschutz Medical Campus.	<p>This 30-minute course covers data center policy and procedures at CU Denver and CU Anschutz Medical Campus. It covers three areas: fire systems, access systems, and data center policy.</p> <p>HCM Course Code: u00206 ?Skillsoft Library ID: _scorm12_cu_u00206_0001</p> <p>Start Skillsoft ^[4]</p>

CU: Information Security Awareness	Required for all CU employees.	<p>This 30-minute course covers how to protect university and private information. To receive credit, all the course modules and video content must be completed and the final quiz must be passed with a score of at least 70 percent. The course was previously titled Information Security and Privacy Awareness.</p> <p>HCM Course Code: u00063 ?Skillsoft Library ID: _scorm12_cu_u00063_0001</p> <p>Start Skillsoft ^[5]</p>
CU: Information Security for IT Service Providers	Required for all IT staff, including central and departmental personnel at each campus and anyone who manages IT at CU.	<p>This 30-minute course covers the four key concepts of the CU's Information Technology Security Program Policy, APS 6005. CU: Information Security Awareness (_scorm12_cu_u00063_0001) is the prerequisite for this course.</p> <p>HCM Course Code: u00064 ?Skillsoft Library ID: _scorm12_cu_u00064_0001</p> <p>Start Skillsoft ^[6]</p>
CU: IT Confidentiality Agreement	Retired.	<p>This course was retired on 7/11/2023 and replaced by CU: Information Security for IT Service Providers (u00064)</p>

CU: Payment Card Security - CU System	Required for all University of Colorado staff and student employees who process credit card transactions through a CU merchant account to accept secure in-person or online payments.	<p>This 30-minute course will cover responsibilities for protecting cardholder data.</p> <p>HCM Course Code: u00162 ?Skillsoft Library ID: _scorm12_cu_u00162_0001</p> <p>Start Skillsoft ^[7]</p>
CU: IT Security PCI DSS v4	Required for current Campus Merchants and their IT staff; general PCI system users such as accountants, ticket sellers, and cashiers who work with PCI security compliance.	<p>In this 45-minute course, we identify the major changes from version 3.2.1 to version 4 of the Payment Card Industry Data Security Standard (PCI DSS). Four important guidelines are covered: Version 3 changes to the PCI Data Security Standard, building a security-minded culture, scoping the cardholder data environment, and completing a Self-Assessment Questionnaire.</p> <p>HCM Course Code: u00227 ?Skillsoft Library ID: _scorm12_cu_u00227_0001</p> <p>Start Skillsoft ^[8]</p>

CU: Secure Application Development	Required for software, Web application, and PeopleCode developers who work for or contract with CU.	<p>This 60-minute course covers secure application development concepts, strategies, and IT security policies to software, Web application, and PeopleCode developers working for or contracting with CU. Experience in software or programming development (Java, .NET, etc.) is the prerequisite for this course.</p> <p>HCM Course Code: u00117 ?Skillsoft Library ID: _scorm12_cu_u00117_0001</p> <p><u>Start Skillsoft</u> ^[9]</p>
CU: Self-Service Data for Student Information	Required for faculty or staff who are school/college administrators seeking to access the dashboard to verify student information.	<p>This 30-minute course describes how to use a self-service data dashboard to verify student vaccination status and is required for anyone seeking to access dashboards containing student vaccine information. Upon completion of this course, you should be able to verify student vaccination status using a data dashboard. This course should take about 30 minutes to complete. You should also complete FERPA online training before accessing any dashboard containing student data.</p> <p>HCM Course Code: u00230 ?Skillsoft Library ID: _scorm12_cu_u00230_0001</p> <p><u>Start Skillsoft</u> ^[10]</p>
