Utilization Reports

These reports summarize course completion data in SkillSoft by campus and a consolidated, all campus report. SkillSoft is the online learning management system used for University of Colorado faculty and staff training and development. It is a purchased service CU launched in January 2009; which includes a library of SkillSoft online learning resources and 88 custom courses that meet CU compliance requirements. Also included are:

- Books24x7 with 39,000 unabridged books available
- Self-registration and tracking for Instructor Led Training (ILT)
- Certification courses such as project management, IT professional areas, Microsoft desktop, and more
