Technologies ^[1]

Employee Services' Technologies and Production team develops and maintains the systems that make each CU human resources office work most efficiently.

Through our work, we also help train administrators to properly use the Human Resources Management System (HRMS), the Jobs at CU database and more.

News & Events
Payroll Calendars ^[2]
Pay Roles: A newsletter for CU business partners ^[3]

Resources

- [Jobs at CU](#) ^[4]? Learn how to use the Jobs at CU system.
- [HRMS](#) ^[5]? Find information on training, access and guidance through the Human Resources Management System.
- [My.Leave](#) ^[6]? Understand the university's leave-recording system.
