## **File a Claim** <sup>[1]</sup>

University Risk Management (URM) can advise in risk avoidance and mitigation practices, or assist in filing a notice of loss.

### **Workers' Compensation**

The University of Colorado provides workers' compensation coverage for employees who are injured during the course and scope of employment. University Risk Management is responsible for the administration of the system-wide program.

### **General Liability Reporting**

University Risk Management (URM) provides liability insurance to protect the Board of Regents, the University System Campuses and their employees from actual or alleged negligent acts and omissions while acting in the performance of duties on behalf of the University. The defense of University employees is controlled by the operation of the Colorado Governmental Immunity Act (CGIA) (CRS 24-10-101 et. seq.), and supported by the URM liability insurance coverage program. The coverage includes automobile liability, general liability and wrongful acts (errors and omissions) insurance.

## Property Loss Reporting

The University of Colorado provides insurance for covered losses to CU-owned property, which includes buildings and contents. This may include, but is not limited to: computers, furniture, equipment, vehicles, research, fine art, etc. Please be aware that deductibles may apply.

Personal property is not considered University owned property, and therefore is not covered by the University's property insurance program.
