

Cyber Risk and Compliance Committee ^[1]

The Cyber Risk and Compliance Committee serves to provide oversight and support of IT Security across all University of Colorado Campuses. It will strive to:

- Align cybersecurity and compliance strategies with university priorities
- Formalize processes for management monitoring of high-risk issues (e.g., standard process for reporting, mitigation, and monitoring) and creation of risk register
- Clearly define what campuses are responsible for versus what system administration is responsible for
- Coordinate cybersecurity operations among security offices and facilitate knowledge and resource-sharing across campuses
- Identify and oversee systemwide and shared security and compliance initiatives
