

Non-Pool Investments ^[1]

Components

Non-Pooled Assets are comprised of various funds with specific investment objectives, which prevent the University from combining or pooling them with other funds for investment purposes. Many of these non-pooled assets are managed by entities outside the University.

Management

Types of Funds	Investment Vehicles	Investment Management
Project Funds**	Fixed Income	Treasurer's Office
Endowments	All Available	Treasurer's Office and Selected External Managers
Various Trusts	Fixed Income & Equities	Treasurer's Office and Selected External Managers
