

Central Information Warehouse (CIW) & CU Reporting System (Cognos) ^[1]

CU's Data Warehouse

The Central Information Warehouse (CIW) is CU's system-wide data repository for information sourced from administrative systems such as Human Capital Management (HCM), Finance and Student Information System (CU-SIS). As a repository for all of CU's data, users can access this one-stop source for federal and state reporting, even if the data has been deleted from the original admin system.

Data from the CIW can be analyzed and presented through either [Tableau](#) ^[2] or [CU-Data](#). ^[3]
