

## **InfoEd Upgrade** <sup>[1]</sup>

CU's research administration system, InfoEd, will be unavailable during its upgrade: 5 p.m. Friday, April 5 through midnight Sunday, April 7.

### **User experience will remain the same after maintenance is complete.**

This release will improve the application's daily stability, address bug fixes and enhance existing configuration tools. Annual upgrades like this one ensure applications are at their peak performance and reduce the number of support tickets. While you may not notice a difference in your daily work, InfoEd is better able to handle all your research and compliance requests.

There will be no changes to the overall experience for InfoEd.

---

### **Prepare for the outage**

Ensure all research and compliance activities are completed by **5 p.m. Friday, April 5.**

InfoEd will be available after **6 a.m. Monday, April 8.** If you experience any issues after the upgrade, [follow these instructions to clear your cache](#) <sup>[2]</sup>, then log in again.

### **Have questions?**

Reach out to your campus eRA Support team for help.

### **What is InfoEd?**

InfoEd is CU's Electronic Research Administration (eRA) system, which automates the processes the university uses to apply for research grants and other funding. It manages the pre- and post-award administrative and regulatory aspects of grants, contracts, protocols and conflicts of interest.
