

What CU's new paycards mean for you

Starting July 2, the University of Colorado will no longer issue paper paychecks.

Now, as an employee who has received a paper check, you will receive a paycard in the mail. Each pay period, your pay will be loaded onto the card.

This is a major change, and we want you to be ready. Learn about how paycards work, benefits, fees and more at www.cu.edu/es/paycards.

Features of paycards

- **Get your money faster**—You'll be able to use your card to withdraw or transfer the newly deposited funds starting at 7 a.m. MDT on payday.
- **Free bank and ATM use**—Access to hundreds of banks and ATMs within a short distance of each CU campus, and you won't be charged additional fees.
- **Online money management**—Access everything from your balance to your account history via Brinks' online account center.
- **Ask for cash back at stores**—When making a PIN-based purchase at participating stores, including grocery stores, discount outlets and convenience stores, simply ask the cashier for cash back or use the PIN pad to indicate you'd like cash back.
- **Free replacement of lost cards**—If you lose your card, call Brinks' customer service for a free replacement. You'll be eligible to receive one free replacement card each year.
- **Take your card with you**—If you leave your position at CU, you can use your paycard to set up direct deposits with your new employer.
