Meeting began at 10:10 a.m. with roll call and introduction of guests.

Input Request for APS 5054: Hiring Working Retirees into Staff Positions

Dan Montez, Office of Policy and Efficiency

☐ There are policy updates available on the OPE Newsletter which also includes policies under review.
☐ This will be on the July 1st policy cycle and there has been a lot of feedback
☐ Lisa Landis will meet with Faculty Council then the policy will go to the CFOs and to Chancellors.

Lisa Landis, Employee and Information Services

☐ Policy Overview: There will be job code updates, specific policies that will define time periods and the discussion regarding the taking away of leave accrual for retirees.
☐ It is important to know that the APS serves as a guide. It will be up to each campus to provide further restrictions. This decision will be the chancellor’s and each campus will need to work with their Human Resources department.
☐ There have been concerns regarding the retention on retirees prevents career advancement for current employees. It’s important to remember that each campus philosophy differs.
☐ Non-supervisory and part-time positions are recommended for retirees.
HRMS and MyLeave will eventually be able to calculate a daily rate. This will prevent the use of overtime.

No sick leave will be donated.

Currently only classified retirees are mandated to complete evaluations. However, the policy will recommend that evaluations are done for exempt retirees as well.

Please have any concerns or recommendations about the policy submitted by the end of November.

Presentation

William Kaempfer, Associate Vice Chancellor for Budget and Planning and Vice Provost

- Funding: About 4% of funding for UCB is from the state and 80% from resident and nonresident tuition.
- Tuition is up 22 million while restricted budgets are down 22 million.
- UCB accounts for about 27% of all students seeking a bachelor’s degree in the state of Colorado
- The UCB 6 year graduation rate is at 68%, though the chancellor would like to see this number increase to 80%.
- The state of Colorado has a 6 year graduation rate of 54%, so UCB is doing well.
- UCB takes about 7% of Denver Public Schools graduates annually.
- In 2012, there were 1181 master degrees obtained, 394 doctoral degrees, and 173 law degrees.
- The new tuition benefit started with Faculty and was shared with staff. Faculty members are interested in helping their dependents gain an education because they already have theirs. Staff, on the other hand, seeks additional education for their positions. Still, the dependent benefit is a great thing for staff as well.

Please make sure your reallocation report titles are more descriptive. Include the name of the event in the report title so that it can be immediately identified.

Two changes: Update meeting with committees and correct the spelling of the last name of Deserae.
Minutes Approved.

Concerns about limited service opportunities at some campuses.
Are some individuals simply being nominated for doing their job?
This award must continue to hold high standards.
Are the questions that are included on the nomination form requiring too much work on the part of the nominator?

1. Are the weight percentages correct or should we modify/delete?
2. Is the word criterion accurate in our wants?
3. What does the nominator get out of this? Should there be an incentive?
4. What should we do if there is just one nomination from a campus?
5. Should there be an award screening procedure?

We may need to gather a list of other University awards that nominees may qualify for if they fail to meet the criteria for this award.

Meeting adjourned at 1:56 pm.
