We look forward to seeing you!

PSC Website Continues to Grow

We continue to enhance our new website in order to serve you better. Among the key features – new and newer – note the following:

**“Slider” images on the PSC home page**

These provide graphical cues to the content of featured news and articles, enabling you to focus first on those of greatest interest to you. (See more about one of our sliders, below.)

**PSC Metrics**

Just added! Scroll down the home page: under the slider images, on the right, you’ll find our recently posted measurements of success.

**Vision & Mission**

Just revised! We want you to know what we are and what we stand for. So we made this the subject of its own tab. Look in the navigation across the top of the PSC home page.

**Big links at bottom**

Scroll to the bottom of the home page for links to popular items: PSC Communicator newsletters, CU Marketplace, Concur, etc.

**Procurement Card is now under Procurement**

Start with the Procurement tab. Select Purchasing Services, then look for the link to Procurement Card. (By the way – there’s Marketplace info there, too.) Can’t find something? Ask FinProHelp@cu.edu for assistance.

**New PSC Slider Celebrates APInvoice@cu.edu**

Our new sliding image on the PSC home page (www.cu.edu/psc) recognizes the recent CU Shared Practices (CSP) award bestowed on Charlene Lydick, Amy Gannon, Kaye Stewart-Hicks, Elizabeth Bentley, Carolyn DeTemple, and Pamela Andrade.

You can learn about the history of APInvoice@cu.edu in our fun, short video!
