Comprehensive Benefit Package

Welcome to the University of Colorado! CU's four campuses succeed in transforming Colorado's communities and the nation through the efforts of an amazingly diverse workforce. University of Colorado Post-Doctoral Fellows are key to fulfilling the [university's mission](#) to be one of the greatest university systems in the world, an engine of leading-edge teaching, discovery and inclusivity.

Employee Services strives to make CU's workforce stronger, healthier and more secure. That is why we offer a comprehensive benefits package to support your health, wellness and retirement goals. This benefit package is an important part of your total compensation. Use the [total compensation calculator online](#) to understand your total compensation. It provides choice and value to meet the needs of CU's diverse workforce. With that choice comes a lot of information that may feel overwhelming. We have tools and resources to help you make the best choices for you and your family.

This booklet offers a comprehensive overview of your health, wellness and voluntary retirement benefits options, as well as your eligibility and enrollment. There are many useful links to tools and resources that will help you dig deeper as you choose your benefits and use them.

Your main source of information is the [Employee Services website](#). The information in this booklet is housed there, in addition to all you will need to use your valuable benefits. If you need additional help or guidance, you can speak to a benefits professional by calling 303-860-4200, option 3 during regular business hours, or send an email to benefits@cu.edu.

General Eligibility Rules

Employee eligibility: As a Post-Doctoral Fellow in job code 1438, the university will review your job classification and appointment to determine your eligibility. Typically, you must be in a regular, benefits eligible position (or a combination of positions) of 50% or greater appointment to be eligible for employee benefits.

Dependent eligibility: As an eligible employee, you can add the following dependents to your plans:

- spouse, common-law spouse, civil union partner, domestic partner*
- dependent children up to age 27
- qualifying children with a disability over age 27

Once enrolled, adding a dependent requires Dependent Eligibility Verification (DEV). For more information on DEV, visit the [CU DEV website](#). Required documentation must be received within 31 days of the enrollment.

A dependent only needs to be verified once unless additional documentation is requested by Employee Services.

Dual coverage: When two members of a household are employed with the university and/or university affiliates, you and your dependents cannot be covered as both an employee and a dependent for any CU medical, dental or vision plan.

Dual coverage is allowed for the Optional Life Insurance and the Voluntary Accidental Death & Dismemberment (AD&D).

- An employee may be insured in the Optional Life as both a member and a dependent up to the maximum combined life insurance policy of \$1 million. More than one member may insure a child.
- For the AD&D an employee may be insured as a member and a dependent, doubling the policy's maximum of \$250,000 per member to \$500,000. More than one member may insure a child.

***Imputed income:** The IRS uses the term imputed income to describe the value of any benefit or service that is considered income when calculating your federal taxes. Know your taxation. Some benefits and some dependent groups may be subject to taxation. Visit the [CU imputed income website](#) for more information.

Enrollment

Plan year: The benefit plan year runs from July 1 through June 30. As a new hire or newly eligible employee, your elections will run from your effective date until June 30.

Open Enrollment: Open Enrollment occurs in the spring of each year for an effective date of July 1.

You will enroll in your benefits in the secure environment of your [employee portal](https://my.cu.edu/) (https://my.cu.edu/). To learn how to enroll, visit the [CU How to Enroll website](#).

Effective date: Your official hire date determines when your coverage will begin. If your hire date is the first of the month, your coverage will begin immediately, otherwise it will be the first of the following month.

For example: If your hire date is May 1, your benefits will be effective May 1.
If your hire date is May 2 (or later), your benefits will be effective June 1.

Deadlines and defaults: You have 31 days from your official hire date to enroll or waive coverage. If you fail to enroll or waive your coverage within the deadline, you (employee only) will be enrolled automatically in the following default plans:

- Medical default: CU Health Plan – High Deductible \$0/month
- Dental default: CU Health Plan – Essential Dental \$0/month

Once you enroll, or are defaulted, your elections will remain for the plan year. You may not make any changes to your elections until next Open Enrollment unless you experience a Qualifying Life Change. Review the details on the [Qualifying Life Change website](#).

Payroll deductions: Insurance premiums are deducted from the same month that they occur.

For example: The deductions from your paycheck in July covers your July premiums.

As a new hire, your first deduction depends on the time of month you enroll. Enrollments received after payroll begins to process (around the 17th of the month) may not be reflected in that month's paycheck, resulting in a double deduction the following month.

International Employees

All new international CU employees are required to meet with an international tax specialist to identify their tax status, complete proper tax forms, facilitate any available tax treaty benefits and clarify any tax filing responsibilities. For more information, visit the [International Tax website](#), complete the [International Tax New Hire Orientation](#), download the [International Tax New Hire Guide](#) and [book your appointment](#).

CU Health Plans – Medical

CU is dedicated to providing quality, affordable healthcare to its employees and their dependents. CU contributes 80-100% to employee monthly premiums. As a university employee, you have access to quality, personalized medical care with CU's four medical plans. This section provides an overview of the most common considerations for choosing a plan and highlights the medical plan options for you and your dependents.

Common plan features

All four CU medical plans have built in plan features. Regardless of your plan, you will enjoy these benefits:

- yearly, no-cost preventative care for each plan participant
- no-cost flu shot clinics on each campus
- emergency / urgent care worldwide
- affordable prescription drug prices

CU Health Plans – wellness programs

If enrolled in a CU medical plan, you will have access to wellness programs. Please visit the [CU Wellness Programs website](#) to learn the details.

- gym discounts
- weight loss programs
- nutritional and meal planning apps
- Colorado Move
- Breathe with Quitline
- and more...

How to choose a medical plan – three common considerations

When choosing a medical plan, there are three common considerations:

- **Network:** The plan network determines where you will go to access care when you need it. You will want to understand the differences between the four plan networks before making your decision.
- **Cost of care:** When you need care, what will it cost? How much will it cost to use the plan?
- **Cost of plan:** How much does it cost to have the plan? CU covers a generous portion of your monthly premiums; however, you will also contribute the plan's cost. Understanding plan premiums will help you determine the cost of having the plan. View the [current plan year premiums](#) for more information.

Option 1: CU Health Plan – Exclusive

Network

Under this plan, you will choose a PCP (primary care physician) within the HMO (Health Maintenance Organization) Network. Your PCP will direct your health care and referrals are required for most specialists. Exclusive has a limited network plan with quality care throughout Colorado. There is no out-of-network coverage, except for urgent and/or all emergency care. This is an Anthem administered plan. Visit the [Anthem website](#) to learn more and find a doctor on the [find a doctor website](#).

Savings advantage: This HMO utilizes the directed care of skilled PCPs in combination with comprehensive health care services which keeps costs lower through predictable copays, deductibles and monthly premiums.

Maintenance medications	Per fill, a maximum of up to 30 days of maintenance medication may be purchased at a retail pharmacy. After 3 fills, CVS retail pharmacies or CVS mail order pharmacy must be used for maintenance medications, for up to 90-day supply to be covered.
Diabetic supplies	CU Health Plan enrollees with diabetes may qualify to receive insulin and generic diabetic supplies (such as test strips, lancets, needles, etc.) from in-network pharmacies with no copay.
Out-of-state dependent children	If you have dependent children living out-of-state and covered by the Exclusive plan, you may enroll them in CU Health Plan - Exclusive Guest Membership .
Eye exam	Exclusive covers a routine eye exam with a \$20 copay in-network along with discounts for hardware and other services.

Cost to Have the Plan: [Faculty and Staff Plan Premiums](#)

Option 2: CU Health Plan – High Deductible/HSA Compatible (default plan)

Network

This PPO (Preferred Provider Organization) plan offers you the widest access to care with Anthem's Nationwide Provider Network as well as out-of-network coverage for covered services. You will pay less if you use an in-network provider. A primary care physician is not required, and members can refer themselves to doctors of their choice including specialists.

With the High Deductible plan, your preventative care is at no cost to you. You will pay for additional care and prescriptions until you satisfy the deductible and then will be responsible for paying the coinsurance until you reach your out-of-pocket maximum. Once this amount is reached, all covered services and prescriptions will be covered at 100%. This is an Anthem administered plan. Visit the [Anthem website](#) to learn more and find a doctor on the [find a doctor website](#).

Savings advantage: With low monthly premiums, the High Deductible plan gives you opportunity to put money aside each month in the tax advantaged Health Savings Account (HSA). You can use your HSA to pay your deductibles both now and in the future.

Pretax Savings

Flexible Spending Accounts

The Flexible Spending Account (FSA) allows you to set aside pretax money for certain qualifying expenses. These accounts are regulated by the IRS who determines contribution limits, qualifying expenses, and has designated them as use it or lose it accounts. The money you set aside in the account is meant to be spent and claimed by the established deadlines, or you will lose the money.

CU has two FSA accounts: The Health Care FSA (HCFSA) allows you to set aside funds to cover health care expenses that your medical, dental and vision insurance does not pay, such as deductibles, copays, prescriptions, dental and vision out-of-pocket expenses. The Dependent Care FSA will cover daycare expenses for tax dependents under thirteen or adult care.

CU's FSA accounts are administered by ASIFlex. If you want to participate in an FSA, you must make an election as a new hire, at each Open Enrollment, or if you experience certain Qualifying Life Changes. Review the details on the [Qualifying Life Change website](#).

Health Savings Account (HSA)

The Health Savings Account (HSA) is an account that must be paired with the CU Health Plan – High Deductible and can be used for qualified health care expenses now or in the future. The HSA is a savings account that you own. You will keep and manage this account even if you leave the university, change health plans or retire. CU's HSA is administered by Optum Bank. Visit the [Optum Bank website](#) for more details.

There is a triple tax benefit with the HSA. Contributions are pretax, any growth is tax-free, and when used on qualifying health care expenses, it is also tax free. As long as you are enrolled in the CU Health Plan – High Deductible, you can enroll in and increase or decrease your HSA contributions at any time.

The HSA Fact Sheet contains all the necessary information to enroll in and use your HSA.

Premium Only Plan (before or after tax elections)

The Premium Only Plan (POP), a part of the IRS Code Section 125, allows you to elect to pay your medical, dental and vision insurance premiums before or after taxes are deducted. If you choose the before tax option, your premiums will be deducted from your pay before taxes are calculated, reducing your taxable income, and saving you money by withholding fewer dollars for federal, state and Social Security taxes. If you choose the after tax option, your premiums will be deducted after your pay has been taxed.

- You will be given the opportunity to make your election as you enroll in your CU Health Plans in your employee portal.
- If you do not make an election, your premiums will be deducted after tax.
- Once you make this election, your enrollment will continue for the plan year. A new election can be made only during Open Enrollment.
- If you have dependents enrolled in university benefits who do not qualify as federal tax dependents for health coverage purposes, their premiums are not eligible for the POP, and you may incur imputed income. Visit the [website on imputed income](#) to learn more.
- If you are paying into the PERA retirement plan and you are within 3-5 years of retirement, keep in mind that your PERA Defined Benefit Pension plan is calculated by your age, years of service and highest average salary. Anytime you make a before tax deduction from your pay, you are lowering your taxable income, which will lower your highest average salary.

Employee Services does not provide tax advice to employees. Please contact your personal tax advisor, the IRS, SSA, State of Colorado, or local government directly for professional tax advice.

Life Insurance

CU Life Insurance policies can provide financial protection for your loved ones in the event of your death and can be important to their future security. The university provides, at no cost to you, a generous Basic Term Life Insurance policy of \$57,000.

If you determine that you would like to have additional coverage, the university also offers the ability to purchase two other policies for you and your dependents: Optional Term Life and Voluntary Accidental Death & Dismemberment plans.

The Standard Insurance Company Medical Underwriting
 900 SW Fifth Avenue
 Portland, OR 97204

3. Approval
 - The Standard will notify the applicant and the university when application is approved.
 - Effective date of the policy is the date of approval by The Standard.
 - Premiums are effective the first day of the month following the approval date.
 - The university will notify the applicant when approval is received. At that time, the applicant will designate beneficiaries and indicate tobacco usage via the provided form.

*EOI: By signing the [Medical History Statement](#), the applicant is authorizing The Standard Insurance Company to obtain information about the applicant's health, undergo a physical examination, if required, which may include blood testing, and provide any additional information about the applicant's insurability that The Standard may reasonably require.

Qualifying Life Changes: The employee and spouse or partner may increase up to \$10,000 without evidence of insurability for certain life changes. Please call Employee Services for more information at 303-860-4200, option 3.

Cancellations: The employee can decrease or revoke personal and dependent Optional Life Insurance at any time during the plan year by completing and sending in a [Benefits Enrollment/Change Form](#).

Voluntary Accidental Death & Dismemberment (AD&D)

Who is covered: you, spouse/partner or child

Who pays the premium: employee

Enrollment: optional – new hire/new eligible, certain Qualifying Life Changes or Open Enrollment

Effective date: The effective date is on the benefits effective date for new hires, or the first of the month following the qualifying life change event or July 1 for Open Enrollment.

Effective: benefits eligible date or new plan year

What the plan covers: In the event of the covered member’s death, should it be ruled an accidental death under the terms of the group policy, the AD&D Insurance pays a benefit in the amount of the policy. In the case of a loss other than death, such as the loss of a hand, sight, speech, hearing or other loss, the amount payable is a percentage of the AD&D Insurance policy and is determined according to the terms of the group policy table ([Group AD&D Certificate](#)).

Beneficiaries: Employee must name their beneficiaries at the time of enrollment. A beneficiary is a person(s), or organization named to receive the benefit in the event of the employee’s death. The employee can change their beneficiaries anytime in the employee portal. For spouse/partner and/or child’s policy, the employee is the beneficiary.

New hire/new eligible enrollment in Voluntary AD&D: New hire/newly eligible employees are eligible to enroll in Voluntary AD&D at the time of their new hire/new eligible benefits enrollment in the employee portal.

Policy Type	Enrollment Amounts
Employee policy Beneficiary: employee names beneficiary	The employee can enroll in increments of \$10,000, up to 10 times their annual salary with a maximum of \$250,000. Medical history not applicable.
Spouse/partner policy Beneficiary: employee	The employee can enroll a spouse or partner, provided the employee enrolls, in increments of \$10,000, up to the employee’s policy amount. Medical history not applicable.
Child policy Beneficiary: employee	The employee can elect a flat amount of \$5,000 for a dependent child or children, provided the employee enrolls. Medical history not applicable.

Current employee changes to Voluntary AD&D: Current employees can enroll and/or increase their Voluntary AD&D Life Insurance amount only during Open Enrollment and certain Qualifying Life Changes. No Medical History Statement required. The employee can decrease or revoke coverage at any time during the plan year by completing and sending in a [Benefits Enrollment/Change Form](#).

Policy Type	Changes Allowed
Employee policy Beneficiary: employee names beneficiary	The employee can elect or increase, in increments of \$10,000, up to 10-times their annual salary with a maximum of \$250,000. Medical history not applicable.
Spouse/partner policy Beneficiary: employee	The employee can elect or increase a spouse/partner, in increments of \$10,000, provided the employee enrolls, up to the employee’s policy amount. Medical history not applicable.
Child policy Beneficiary: employee	The employee can elect a flat amount of \$5,000 for a dependent child or children, provided the employee enrolls. Medical history not applicable.

Disability Insurance

Disability coverage ensures that you will have some income in the event that you are unable to work due to injury, illness or pregnancy/childbirth. As a Post-Doctoral Fellow, you have Short Term and Long Term Disability options. The Standard Insurance Company administer these benefits.

Voluntary Retirement Plans

If you would like to do more to prepare for retirement, CU offers employees three voluntary savings plans.

[Voluntary Retirement Plans Full Guide](#)

You do not need to be a PERA member to have a PERA 401(k) or 457 account, and likewise, PERA participants can have a 403(b) account.

Retirement plans	Eligibility job code	Plan administrator	How to Enroll
University of Colorado 403(b) – Voluntary Plan Pretax and ROTH options	all employees	TIAA	CU 403(b) How to Enroll
PERA 401(k) – Voluntary Plan	all employees	PERA/Empower	PERA 401(k) How to Enroll
PERA 457 – Voluntary Plan	all employees	PERA/Empower	PERA 457 How to Enroll

How the plans work

- The defined contribution plans allow you to create an individual account to set aside money on a pretax basis, and the University of Colorado 403(b) also has a ROTH after tax contribution option.
- Your benefits are based on the contributions credited to these accounts, plus or minus investment gains or losses. Investment risk and investment rewards are assumed by each individual, not by PERA or CU.
- These are 100% employee contributions, meaning there is no match from CU.

How much can you contribute?

All three plans have no minimum contribution. You can decide how much of your pay to contribute. Your contributions will be pretax and lower your taxable income. By using the correct combination of voluntary plans, the 2023 IRS limits allow you to contribute a combined total of \$45,000 if you are under age 50, or \$60,000, if you are age 50 or older.

The 2023 IRS contribution limits for voluntary retirement plans are as follows:

- The CU 403(b) and the PERA 401(k)* have a combined limit of \$22,500. If you are age 50+, the IRS allows you a catch-up contribution of \$7,500, for a total of \$30,000.
- The PERA 457 has a separate limit of \$22,500. If you are age 50+, the IRS allows you a catch-up contribution of \$7,500, for a total limit of \$30,000.
