Comprehensive Benefits Package

Welcome to the University of Colorado! CU's four campuses succeed in transforming Colorado's communities and the nation through the efforts of an amazingly diverse workforce. Classified Staff members are key to fulfilling the [university's mission](http://www.cu.edu/mission-university-colorado-guiding-principles-and-vision-statement) (www.cu.edu/mission-university-colorado-guiding-principles-and-vision-statement) to be one of the greatest university systems in the world, an engine of leading-edge teaching, discovery and inclusivity.

Employee Services strives to make CU's workforce stronger, healthier and more secure. That is why we offer a comprehensive benefits package to support your health, wellness and retirement goals. This benefit package is an important part of your total compensation. Use the [total compensation calculator online](http://www.cu.edu/node/153125) (www.cu.edu/node/153125) to tally your total compensation. It provides choice and value to meet the needs of CU's diverse workforce. With that choice comes a lot of information that may feel overwhelming. We have tools and resources to help you make the best choices for you and your family.

This booklet offers a comprehensive overview of your health, wellness and retirement benefits options, as well as your eligibility and enrollment. There are many useful links to tools and resources that will help you dig deeper as you choose your benefits and use them.

Your main source of information is the [Employee Services website](http://www.cu.edu/node/153108) (www.cu.edu/node/153108). The information in this booklet is housed there, in addition to all you will need to use your valuable benefits. If you need additional help or guidance, you can speak to a benefits professional by calling 303-860-4200, option 3 during regular business hours, or send an email to benefits@cu.edu.

General Eligibility Rules

Employee eligibility: As a Classified Staff employee, the university will review your job classification and appointment to determine your eligibility. Typically, you must be in a regular, benefits eligible position (or a combination of positions) of 50% or greater appointment to be eligible for employee benefits.

Dependent eligibility: As an eligible employee, you can add the following dependents to your plans:

- spouse, common-law spouse, civil union partner, domestic partner*
- dependent children up to age 27
- qualifying dependent children with a disability over age 27

Once enrolled, adding a dependent requires Dependent Eligibility Verification (DEV). For more information on DEV, visit the [CU DEV website](http://www.cu.edu/node/116040) (www.cu.edu/node/116040). The required documentation must be received within 31 days of enrollment.

A dependent only needs to be verified once unless additional documentation is requested by Employee Services.

Dual coverage: When two members of a household are employed with the university and/or university affiliates, you and your dependents cannot be covered as both an employee and a dependent for any CU medical, dental or vision plan.

Dual coverage is allowed for the Optional Life Insurance and the Voluntary Accidental Death & Dismemberment (AD&D).

- An employee may be insured in the Optional Life as both a member and a dependent up to the maximum combined life insurance policy of \$1 million. More than one member may insure a child.
- For the AD&D an employee may be insured as a member and a dependent, doubling the policy's maximum of \$250,000 per member to \$500,000. More than one member may insure a child.

***Imputed income:** The IRS uses the term imputed income to describe the value of any benefit or service that is considered income when calculating your federal taxes. Know your taxation. Some benefits and some dependent groups may be subject to taxation. Visit the [CU imputed income website](http://www.cu.edu/node/56977) (www.cu.edu/node/56977) for more information.

Enrollment

Plan year: The benefit plan year runs from July 1 through June 30. As a new hire or newly eligible employee, your elections will run from your effective date until June 30.

Open Enrollment: Open Enrollment occurs in the spring of each year for an effective date of July 1.

You will enroll in your benefits in the secure environment of your [employee portal](https://my.cu.edu/) (<https://my.cu.edu/>). To learn how to enroll, visit the [CU How to Enroll website](http://www.cu.edu/node/153116) (www.cu.edu/node/153116).

Effective date: Your official hire date determines when your coverage will begin. If your hire date is the first of the month, your coverage will begin immediately, otherwise it will be the first of the following month.

For example: If your hire date is May 1, your benefits will be effective May 1.
If your hire date is May 2 (or later), your benefits will be effective June 1.

Deadlines and defaults: You have 31 days from your official hire date to enroll or waive coverage. If you fail to enroll or waive your coverage within the deadline, you (employee only) will be enrolled automatically in the following default plans:

- Medical default: CU Health Plan – High Deductible \$0/month
- Dental default: CU Health Plan – Essential Dental \$0/month

Once you enroll, or are defaulted, your elections will remain for the plan year. You may not make any changes to your elections until next Open Enrollment unless you experience a Qualifying Life Change. Review the details on the [Qualifying Life Change website](http://www.cu.edu/node/153130) (www.cu.edu/node/153130).

Payroll deductions: Insurance premiums are deducted from the same month that they occur.

For example: The deductions from your paycheck in July covers your July premiums.

As a new hire, your first deduction depends on the time of month you enroll. Enrollments received after payroll begins to process (around the 17th of the month) may not be reflected in that month's paycheck, resulting in a double deduction the following month.

International Employees

All new international CU employees are required to provide the university with details related to their tax status, to complete tax and tax treaty forms as appropriate and to understand their personal tax filing responsibilities. For more information, visit the [International Tax website](http://www.cu.edu/node/304674) (www.cu.edu/node/304674).

CU Health Plans – Medical

CU is dedicated to providing quality, affordable healthcare to its employees and their dependents. CU contributes 80-100% to employee monthly premiums. As a university employee, you have access to quality, personalized medical care with CU's four medical plans. This section provides an overview of the most common considerations for choosing a plan and highlights the medical plan options for you and your dependents.

Common plan features

All four CU medical plans have built in plan features. Regardless of your plan, you will enjoy these benefits:

- yearly, no-cost preventative care for each plan participant
- no-cost flu shot
- emergency / urgent care worldwide
- affordable prescription drug prices

CU Health Plans – wellness programs

If enrolled in a CU medical plan, you will have access to wellness programs. Please visit the [CU Wellness Programs website](http://www.becolorado.org/program/) (www.becolorado.org/program/) to learn the details.

- gym discounts
- weight loss programs
- nutritional and meal planning apps
- Colorado Move
- and more...

How to choose a medical plan – three common considerations

When choosing a medical plan, there are three common considerations:

- **Network:** The plan network determines where you will go to access care when you need it. You will want to understand the differences between the four plan networks before making your decision.
- **Cost of care:** When you need care, what will it cost? How much will it cost to use the plan?
- **Cost of plan:** How much does it cost to have the plan? CU covers a generous portion of your monthly premiums; however, you will also contribute to the plan's cost. Understanding plan premiums will help you determine the cost of having the plan. [View the current plan year premiums](http://www.cu.edu/node/115898) (www.cu.edu/node/115898) for more information.

Option 1: CU Health Plan – Exclusive

Exclusive has a limited network plan with quality care throughout Colorado. Under this plan, a primary care physician is not required, and members can refer themselves to doctors of their choice including specialists within the HMO (Health Maintenance Organization) Network. There is no out-of-network coverage, except for urgent and/or all emergency care. This is an Anthem administered plan. Visit the [Anthem website](http://www.anthem.com/mcr/cuhealthplan/) (www.anthem.com/mcr/cuhealthplan/) to learn more and find a doctor on the [find a doctor website](http://www.anthem.com/mcr/cuhealthplan/find-care) (www.anthem.com/mcr/cuhealthplan/find-care).

Savings advantage: This HMO utilizes the directed care of skilled PCPs in combination with comprehensive health care services which keeps costs lower through predictable copays, deductibles and monthly premiums.

Pretax Savings

Premium Only Plan (before or after tax elections)

The Premium Only Plan (POP), a part of the IRS Code Section 125, allows you to elect to pay your medical, dental and vision insurance premiums before or after taxes are deducted. If you choose the before tax option, your premiums will be deducted from your pay before taxes are calculated, reducing your taxable income, and saving you money by withholding fewer dollars for federal, state and Social Security taxes. If you choose the after tax option, your premiums will be deducted after your pay has been taxed.

- You will be given the opportunity to make your election as you enroll in your CU Health Plans in your employee portal.
- If you do not make an election, your premiums will be deducted after tax.
- Once you make this election, your enrollment will continue for the plan year. A new election can be made only during Open Enrollment.
- If you have dependents enrolled in university benefits who do not qualify as federal tax dependents for health coverage purpose, their premiums are not eligible for the POP, and you may incur imputed income. Visit the [website on imputed income](http://www.cu.edu/node/56944) (www.cu.edu/node/56944) to learn more.
- If you are paying into the PERA retirement plan and you are within 3-5 years of retirement, keep in mind that your PERA Defined Benefit Pension plan is calculated by your age, years of service and highest average salary. Anytime you make a before tax deduction from your pay, you lower your taxable income, which will lower your highest average salary.

Employee Services does not provide tax advice to employees. Please contact your personal tax advisor, the IRS, SSA, State of Colorado or local government directly for professional tax advice.

Flexible Spending Accounts

The Flexible Spending Account (FSA) allows you to set aside pretax money for certain qualifying expenses. These accounts are regulated by the IRS who determines contribution limits, qualifying expenses, and has designated them as use it or lose it accounts. The money you set aside in the account is meant to be spent and claimed by the established deadlines, or you will lose the money.

CU has two FSA accounts: The Health Care FSA (HCFSA) allows you to set aside funds to cover health care expenses that your medical, dental and vision insurance does not pay, such as deductibles, copays, prescriptions, dental and vision out-of-pocket expenses. The Dependent Care FSA will cover daycare expenses for tax dependents under thirteen or adult care.

CU's FSA accounts are administered by ASIFlex. If you want to participate in an FSA, you must make an election as a new hire, at each Open Enrollment, or if you experience certain Qualifying Life Changes. Review the details on the [Qualifying Life Change website](http://www.cu.edu/node/153130) (www.cu.edu/node/153130).

Health Savings Account (HSA)

The Health Savings Account (HSA) is an account that must be paired with the CU Health Plan – High Deductible and can be used for qualified health care expenses now or in the future. The HSA is a savings account that you own. You will keep and manage this account even if you leave the university, change health plans or retire. CU's HSA is administered by Optum Bank. Visit the [Optum Bank website](http://www.optumbank.com/) (www.optumbank.com/) for more details.

There is a triple tax benefit with the HSA. Contributions are pretax, any growth is tax-free, and when used on qualifying health care expenses, it is also tax free. As long as you are enrolled in the CU Health Plan – High Deductible, you can enroll in and increase or decrease your HSA contributions at any time.

The HSA Fact Sheet contains all the necessary information to enroll in and use your HSA.

Voluntary retirement plans

If you would like to do more to prepare for retirement, CU offers employees three voluntary savings plans.

[Voluntary Retirement Plans Guide](http://www.cu.edu/node/183482) (www.cu.edu/node/183482)

You do not need to be a PERA member to have a PERA 401(k) or 457 account, and likewise, PERA participants can have a 403(b) account.

Retirement Plans	Eligibility Job Code	Plan Administrator
University of Colorado 403(b) – Voluntary Plan Pretax and ROTH options	all employees	TIAA
PERA 401(k) – Voluntary Plan Pretax and ROTH options	all employees	PERA/Empower
PERA 457 – Voluntary Plan Pretax and ROTH options	all employees	PERA/Empower

How the plans work

- The defined contribution plans allow you to create an individual account to set aside money with a pretax or Roth after tax contribution option.
- Your benefits are based on the contributions credited to these accounts, plus or minus investment gains or losses. Investment risk and investment rewards are assumed by each individual, not by PERA or CU.
- These are 100% employee contributions, meaning there is no match from CU.

How much you can contribute

All three plans have no minimum contribution. You can decide how much of your pay to contribute. The Internal Revenue Service (IRS) sets annual limits on how much you can contribute to retirement plans. These limits are updated each year. For 2026, the limit is \$24,500.

Use the tables below to see your contribution and catch-up options by wage level and age group for 2026:

- If your prior year FICA wages were \$150,000 or less, see Table 1.
- If your prior year FICA wages were over \$150,000, see Table 2.

Age 50-59 & 64 or older	\$24,500 + \$8,000 catch-up = \$32,500	\$8,000 can be designated as pre-tax or Roth after-tax	\$32,500	\$32,500
