

CU Marketplace Cryptograms

A cryptogram is a type of puzzle that has short pieces of encrypted text. It is encrypted by replacing one letter for another. For example:

THIS IS A CRYPTOGRAM might appear as the cryptogram
FKDR DR U BAZOFMIAUC

Throughout the phrase, the letter "T" has been replaced by the letter "F", the letter "A" has been replaced by the letter "U", and so on.

See if you can solve these CU Marketplace-themed cryptogram phrases. Good luck!
