# **Consolidated Appropriations Act of 2021 Notice**

## **Consolidated Appropriations Act of 2021 (CAA)**

The Consolidated Appropriations Act of 2021 (CAA) is a federal law that includes the No Surprises Billing Act as well as the Provider transparency requirements that are described below.

### **Surprise Billing Claims**

Surprise Billing Claims are claims that are subject to the No Surprises Billing Act requirements:

- Emergency Services provided by Out-of-Network Providers,
- Covered Services provided by an Out-of-Network Provider at an In-Network Facility, and
- Out-of-Network Air Ambulance Services.

### **No Surprise Billing Act Requirements**

#### **Emergency Services**

As required by the CAA, Emergency Services are covered under your Plan:

- Without the need for Precertification
- Whether the Provider is In-Network or Out-of-Network

If the Emergency Services you received are provided by an Out-of-Network Provider, Covered Services will be processed at the In-Network benefit level.

Note that if you receive Emergency Services from an Out-of-Network Provider, your Out-of-Pocket costs will be limited to amounts that would apply if the Covered Services had been furnished by an In-Network Provider. However, Out-of-Network cost-shares (i.e., Copayments, Deductibles and/or Coinsurance) will apply to your claim if the treating Out-of-Network Provider determines you are stable, meaning you have been provided necessary Emergency Care such that your condition will not materially worsen and the Out-of-Network Provider determines: (i) that you are able to travel to an In-Network Facility by non-emergency transport; (ii) the Out-of-Network Provider complies with the notice and consent requirement; and (iii) you are in condition to receive the information and provide informed consent. If you continue to receive services from the Out-of-Network Provider after you are stabilized, you will be responsible for the Out-of-Network cost-shares, and the Out-of-Network Provider will also be able to charge you any difference between the Maximum Allowable Amount and the Out-of-Network Provider's billed charges. This notice and consent exception does not apply if the Covered Services furnished by an Out-of-Network Provider result from unforeseen and urgent medical needs arising at the time of service.

#### **Out-of-Network Services Provided at an In-Network Facility**

When you receive Covered Services from an Out-of-Network Provider at an In-Network Facility, your claims will be paid at the Out-of-Network benefit level if the Out-of-Network Provider gives you proper notice of its charges, and you give written consent to such charges. This means you will be responsible for Out-of-Network cost-shares for those services and the Out-of-Network Provider can also charge you any difference between the Maximum Allowable Amount and the Out-of-Network Provider's billed charges. This requirement does not apply to Ancillary Services. Ancillary Services are one of the following services: (a) Emergency Services; (b) anesthesiology; (c) pathology; (d) radiology; (e) neonatology; (f) diagnostic services; (g) assistant surgeons; (h) Hospitalists; (i) Intensivists; and (j) any services set out by the U.S. Department of Health & Human Services. In addition, we will not apply this notice and consent process to you if we do not have an In-Network Provider in your area who can perform the services you require.

Out-of-Network Providers satisfy the notice and consent requirement as follows:

- By obtaining your written consent not later than 72 hours prior to the delivery of services, or
- If the notice and consent is given on the date of the service, if you make an appointment within 72 hours of the services being delivered.

We are required to confirm the list of In-Network Providers in our Provider Directory every 90 days. If you can show that you received inaccurate information from us that a Provider was In-Network on a particular claim, then you will only be liable for In-Network cost shares (i.e., Copayments, Deductibles, and/or Coinsurance) for that claim. Your In-Network cost-shares will be calculated based upon the Maximum Allowed Amount. In addition to your In-Network cost-shares, the Out-of-Network Provider can also charge you for the difference between the Maximum Allowed Amount and their billed charges.

### **How Cost-Shares are Calculated**

Your cost shares for Emergency Services or for Covered Services received by an Out-of-Network Provider at an In-Network Facility, will be calculated using the median Plan In-Network contract rate that we pay In-Network Providers for the geographic area where the Covered Service is provided. Any Out-of-Pocket cost shares you pay to an Out-of-Network Provider for either Emergency Services or for Covered Services provided by an Out-of-Network Provider at an In-Network Facility will be applied to your In-Network Out-of-Pocket Limit.

### **Appeals**

If you receive Emergency Services from an Out-of-Network Provider or Covered Services from an Out-of-Network Provider at an In-Network Facility and believe those services are covered by the No Surprise Billing Act, you have the right to appeal that claim. If your appeal of a Surprise Billing Claim is denied, then you have a right to appeal the adverse decision to an Independent Review Organization as set out in the "Appeals and Complaints" section of this Benefit Book.

### **Transparency Requirements**

We provide the following information on our website (i.e., [www.anthem.com](http://www.anthem.com)).

- Protections with respect to Surprise Billing Claims by Providers.
- Estimates on what Out-of-Network Providers may charge for a particular service.
- Information on contacting state and federal agencies in case you believe a Provider has violated the No Surprise Billing Act's requirements.

Upon request, we will provide you with a paper copy of the type of information you request from the above list.

We, either through our price comparison tool on [anthem.com](http://anthem.com) or through Member Services at the phone number on the back of your ID card, will allow you to get:

- Cost sharing information that you would be responsible for, for a service from a specific In-Network Provider.
- A list of all In-Network Providers.
- Cost sharing information on an Out-of-Network Provider's services based on our reasonable estimate based on what we would pay an Out-of-Network Provider for the service.

In addition, we will provide access through our website to the following information:

- In-Network negotiated rates,
- Historical Out-of-Network rates, and
- Drug pricing information.

# **Federal Patient Protection and Affordable Care Act Notices**

## **Choice of Primary Care Physician / Provider**

We generally allow the designation of a Primary Care Physician / Provider (PCP). You have the right to designate any PCP who participates in the Claim Administrator's network and who is available to accept you or your family members. For information on how to select a PCP, and for a list of PCPs, contact the Member Services telephone number on the back of your Identification Card or refer to the Claim Administrator's website, [www.anthem.com/cuhealthplan](http://www.anthem.com/cuhealthplan). For children, you may designate a pediatrician as the PCP.

## **Access to Obstetrical and Gynecological (ObGyn) Care**

You do not need referral from us or from any other person (including a PCP) in order to obtain access to obstetrical or gynecological care from a health care professional in the Claim Administrator's network who specializes in obstetrics or gynecology. The health care professional, however, may be required to comply with certain procedures, including obtaining Precertification for certain services or following a pre-approved treatment plan. For a list of participating health care professionals who specialize in obstetrics or gynecology, contact the Member Services telephone number on the back of your Identification Card or refer to the Claim Administrator's website, [www.anthem.com/cuhealthplan](http://www.anthem.com/cuhealthplan).

## **Additional Federal Notices**

### **Statement of Rights under the Newborns' and Mother's Health Protection Act**

Group health plans and health insurance issuers generally may not, under Federal law, restrict benefits for any Hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a cesarean section. However, Federal law generally does not prohibit the mother's or newborn's attending Provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours (or 96 hours as applicable). In any case, plans and issuers may not, under Federal law, require that a provider obtain authorization from the Plan or the insurance issuer for prescribing a length of stay not in excess of 48 hours (or 96 hours).

### **Statement of Rights under the Women's Cancer Rights Act of 1998**

If you have had or are going to have a mastectomy, you may be entitled to certain benefits under the Women's Health and Cancer Rights Act of 1998 (WHCRA). For individuals receiving mastectomy-related benefits, coverage will be provided in a manner determined in consultation with the attending Physician and the patient, for:

- All stages of reconstruction of the breast on which the mastectomy was performed;
- Surgery and reconstruction of the other breast to produce a symmetrical appearance;
- Prostheses; and
- Treatment of physical complications of the mastectomy, including lymphedema.

These benefits will be provided subject to the same Deductibles and Coinsurance applicable to other medical and surgical benefits provided under this Plan. If you would like more information on WHCRA benefits, call us at the Member Services telephone number on the back of your Identification Card.

### **Coverage for a Child Due to a Qualified Medical Support Order ("QMCSO")**

If you or your spouse are required, due to a QMCSO, to provide coverage for your child (ren), you may ask the Group to provide you, without charge, a written statement outlining the procedures for getting coverage for such child (ren).

## **Mental Health Parity and Addiction Equity Act**

The Mental Health Parity and Addiction Equity Act provides for parity in the application of aggregate treatment limitations (day or visit limits) on mental health and substance abuse benefits with day or visit limits on medical and surgical benefits. In general, group health plans offering mental health and substance abuse benefits cannot set day/visit limits on mental health or substance abuse benefits that are lower than any such day or visit limits for medical and surgical benefits. A plan that does not impose day or visit limits on medical and surgical benefits may not impose such day or visit limits on mental health and substance abuse benefits offered under the Plan. Also, the Plan may not impose Deductibles, Copayment, Coinsurance, and out of pocket expenses on mental health and substance abuse benefits that are more restrictive than Deductibles, Copayment, Coinsurance and out of pocket expenses applicable to other medical and surgical benefits. Medical Necessity criteria are available upon request.

## **Important Note**

This Booklet is not a Medicare Supplement policy. If you are eligible for Medicare, please review the "Guide To Health Insurance for People With Medicare" available at [www.medicare.gov](http://www.medicare.gov) or from Medicare.

A Subscriber's son, daughter, stepson, stepdaughter or eligible foster child, including a legally adopted individual or an individual who is lawfully placed with the Subscriber for legal adoption or a child for whom the Subscriber has established parental responsibility (as evidenced by court documents), may be covered under the terms of this Booklet through the end of the calendar month in which the child turns 27. There may be tax consequences to the Subscriber when enrolling his or her child or a partner's child through the calendar month in which the child turns 27. A Dependent child of a Subscriber who is no longer eligible for coverage may be eligible for continuation coverage. Please contact your employer for information.
- **Disabled Dependent child**. An unmarried child who is 27 years of age or older, medically certified as disabled and dependent upon the parent may be covered under the terms of this Benefits Booklet. The employer must receive notice of the disability for the disabled Dependent coverage to continue after the Dependent child turns age 27.
- **Grandchild**. A grandchild of a Subscriber or a Subscriber's Spouse is not eligible for coverage unless the Subscriber or the Subscriber's Spouse is court-appointed as having parental responsibility for the grandchild or has adopted the grandchild. - You need to contact your employer for details regarding required documentation for adding Spouse/Partners and their dependents using the contacts below:
  - University of Colorado – Employee Services
  - University Physicians, Inc. – Human Resources

## **Termination**

### **Active Policy Termination**

- When We receive notification to cancel coverage or Plan participation for any Member, coverage will end at the end of the month following notification or at the end of the month of the qualifying event. If you are a partner to a civil union or other relationship recognized as a spousal relationship in the state where the Subscriber resides, on the date such union or relationship is revoked or terminated. Such a Dependent does not have the right to seek COBRA continuation coverage, but will be eligible for state continuation benefits, subject to the terms of this Booklet.
- When We cease operations.

### **Dependent Coverage Termination**

To remove a Dependent from the Plan, the Subscriber must complete an employer required Benefits Enrollment/Change Form or online submission. The Effective Date of the change will be the end of the month We are notified of the change. We reserve the right to recoup any benefit payments made after the termination date.

- When legal custody of a child placed for adoption is terminated.
- Death of the Dependent.

### **What We Will Pay for After Termination**

We, on behalf of the Plan, will not authorize payment for any services provided after your benefits end even if we preauthorized the service, unless prohibited by law. Benefits cease on the date your

coverage ends as described above. You may be responsible for benefit payments authorized by Us on your behalf for services provided after your benefits have been terminated.

## **Section 6. How to Access Your Services and Obtain Approval of Benefits**

### **Introduction**

Benefits under this Booklet will be the Medicare allowed amount for those services covered by Medicare up to Our Maximum Allowed Amount. Medicare is the primary payer for this Plan, and Covered Services payable under this Plan will be reduced by the amounts payable for the same expenses under Medicare Parts A and B. Members enrolled under this Booklet will be considered enrolled under Medicare Parts A and B. If the medical service or supply is not covered under Medicare then it is not a covered benefit under this Plan unless otherwise indicated.

Any preauthorization requirements will be determined by Medicare unless a service is not covered by Medicare and is covered under this Booklet. In those situations preauthorization may be required.

Preauthorization is a process We use to ensure that your care is provided in the most medically appropriate setting. The Preauthorization process may set limits on the coverage available under this Booklet. Preauthorization is required before a Hospital admission or before receiving certain procedures or services. Some drugs also require Preauthorization.

Admissions for all inpatient stays and certain outpatient procedures require Preauthorization. Your Provider must call the number for Provider Authorization on your Health Benefit ID Card to request Preauthorization. We will review the request for Preauthorization. If the inpatient stay or outpatient procedure is approved, all benefits available under the member's Booklet are provided. We initially authorize a specified number of days for the inpatient stay and reevaluate such Authorization if additional days are requested by the Provider. This process facilitates your timely discharge or transfer to the appropriate level of care.

Contracted Providers will bill Us directly and accept Our Maximum Allowed Amount as payment in full. The Maximum Allowed Amount is the dollar amount approved by Us for a specific covered service. For those services not covered by Medicare but that are covered under this Booklet, you are responsible for determining if your Provider is a contracted Provider.

We may identify certain Providers to review for potential fraud, waste, abuse or other inappropriate activity if the claims data suggests there may be inappropriate billing practices. If a Provider is selected under this program, then We may use one or more clinical utilization management guidelines in the review of claims submitted by this Provider, even if those guidelines are not used for all Providers delivering services to this benefit plan's members.

### **Benefit Maximum**

Some Covered Services have a maximum number of days, visits or dollar amounts that we will allow during a Benefit Period. When the Deductible (if applicable) is applied to a Covered Service which has a maximum number of days or visits, the Benefit Maximum may be reduced by the amount applied to the Deductible, whether or not the Covered Service is paid by us. Even after you satisfy the Out-of-Pocket Annual Maximum, our reimbursement remains limited by the Benefit Maximums of this plan.

If you leave this Plan, and go on to a new Plan with us in the same Benefit Period, Covered Services that have a Benefit Maximum will be carried over to the new Plan. For example, if a benefit has a limit of one visit per Benefit Period and you received that benefit under the prior coverage, then you are not eligible under the new Plan for the same benefit until the Benefit Period ends, as benefits have been exhausted for your Benefit Period.

### **The BlueCard Program**

Like all Blue Cross & Blue Shield plans throughout the country, we participate in a program called "BlueCard", which provides services to you when you are outside our Service Area. For more details on

this program, please see “Inter-Plan Arrangements” in the “Claims Procedure (How to File a Claims)” section.

## **Identification Card**

We will give an Identification Card to each Member enrolled in the Plan. When you get care, you must show your Identification Card. Only a Member who has paid the Fees for this Plan has the right to services or benefits under this Booklet. If anyone gets services or benefits to which they are not entitled to under the terms of this Booklet, he/she must pay for the actual cost of the services.

## **Section 7. Benefits/Coverage (What is Covered)**

Any benefits payable under this Booklet for you and your Medicare eligible Dependent will be reduced by the amounts payable for the same expense under Medicare Parts A and/or B. This means Medicare will pay their benefits first and will be the primary payer of benefits. Covered Services and supplies are only benefits if they are Medically Necessary or preventive, not otherwise excluded under this Booklet as determined by Us in administering the Plan, and obtained in the manner required by this Booklet.

All benefits are subject to Medicare allowable covered guidelines which are described below. The fact that a Provider may prescribe, order, recommend or approve a service, treatment or supply does not make it Medically Necessary or a Covered Service and does not guarantee payment by Us.

If Medicare covers the service or supply the allowance will be determined by Medicare. If the provider accepts Medicare assignment, you are not responsible for any amounts that are more the allowance Medicare allows. If Medicare does not cover a service or supply, then it is not a covered service except as provided below and it is subject to the terms of the this Booklet.

## **Clinical Trials**

If Medicare does not cover a service or supply, then it is not a covered service except as provided below.

Benefits include coverage for services, such as routine patient care costs, given to you as a participant in an approved clinical trial if the services are Covered Services under this Plan. An “approved clinical trial” means a phase I, phase II, phase III, or phase IV clinical trial that studies the prevention, detection, or treatment of cancer or other life-threatening conditions. The term life-threatening condition means any disease or condition from which death is likely unless the disease or condition is treated.

Benefits are limited to the following trials:

1. Federally funded trials approved or funded by one of the following:

### **Emergency (Emergency Medical Condition)**

“Emergency,” or “Emergency Medical Condition” means a medical or behavioral health condition of recent onset and sufficient severity, including but not limited to, severe pain, that would lead a prudent layperson, possessing an average knowledge of medicine and health, to believe that his or her condition, sickness, or injury is of such a nature that not getting immediate medical care could result in: (a) placing the patient’s health or the health of another person in serious danger or, for a pregnant woman, placing the woman’s health or the health of her unborn child in serious danger; (b) serious impairment to bodily functions; or (c) serious dysfunction of any bodily organ or part. Such conditions include but are not limited to, chest pain, stroke, poisoning, serious breathing problems, unconsciousness, severe burns or cuts, uncontrolled bleeding, or seizures and such other acute conditions as may be determined to be Emergencies by us.

## **Emergency Care**

“Emergency Care” means a medical or behavioral health exam within the capability of the Emergency Department of a Hospital, and includes ancillary services routinely available in the Emergency Department to evaluate an Emergency Medical Condition. It includes any further medical or behavioral health exams and treatment required to stabilize the patient.

With respect to an Emergency, stabilize means to provide such medical treatment of the condition as may be necessary to assure, within reasonable medical probability that no material deterioration of the condition is likely to result from or occur during the transfer of the Member from a Facility. With respect to a pregnant woman who is having contractions, the term “stabilize” also means to deliver (including the placenta), if there is inadequate time to effect a safe transfer to another Hospital before delivery or transfer may pose a threat to the health or safety of the woman or the unborn child.

Medically Necessary services will be covered whether you get care from an In-Network or Out-of-Network Provider. Emergency Care you get from an Out-of-Network Provider will be covered as an In-Network service, and will not require Precertification.

If you are admitted to the Hospital from the Emergency Room, be sure that you or your Doctor calls us as soon as possible. We will review your care to decide if a Hospital stay is needed and how many days you should stay. See “How to Access Your Services and Obtain Approval of Benefits (Applicable to managed care plans)” for more details. If you or your Doctor do not call us, you may have to pay for services that are determined to be not Medically Necessary.

**Treatment you get after your condition has stabilized is not Emergency Care. Please refer to the “Consolidated Appropriations**

## **Act of 2021 Notice” at the beginning of this Booklet for more details on how this will impact your benefits. Home Care Services**

If Medicare does not cover a service or supply, then it is not a covered service except as provided below.

Benefits are available for Covered Services performed by a Home Health Care Agency or other Provider in your home. Home care is covered only when such care is necessary as an alternative to Hospital stay. To be eligible for benefits, you must essentially be confined to the home, as an alternative to a Hospital stay, and be physically unable to get needed medical services on an outpatient basis. Prior Hospital stay is not required. Home care must be prescribed by a Doctor, under a plan of care established by the Doctor in collaboration with a Home Health Care Agency. We must preauthorize all care and reserve the right to review treatment plans at periodic intervals.

Covered Services include but are not limited to:

- Intermittent skilled nursing services by an R.N. or L.P.N.

- Therapy Services of physical, occupational, speech and language, respiratory and inhalation (except for Chiropractic Care / Manipulative Therapy which will not be covered when given in the home)
- Medical supplies
- Durable medical equipment, prosthetics and orthopedic appliances
- Private duty nursing services in the home

When available in your area, benefits are also available for Intensive In-home Behavioral Health Services. These do not require confinement to the home. These services are described in the “Mental Health and Substance Abuse Services” section below.

## **Hospice Care**

If Medicare does not cover a service or supply, then it is not a covered service except as provided below.

You are eligible for hospice care if your Doctor and the Hospice medical director certify that you are terminally ill and likely have less than twelve (12) months to live. You may access hospice care while participating in a clinical trial or continuing disease modifying therapy, as ordered by your treating Provider. Disease modifying therapy treats the underlying terminal illness.

The services and supplies listed below are Covered Services when given by a Hospice for the palliative care of pain and other symptoms that are part of a terminal disease. Palliative care means care that controls pain and relieves symptoms, but is not meant to cure a terminal illness. Hospice care includes routine home care, constant home care, inpatient Hospice and inpatient respite. Covered Services include:

- Care from an interdisciplinary team with the development and maintenance of an appropriate plan of care.
- Short-term Inpatient Hospital care when needed in periods of crisis or as respite care.

- Skilled nursing services, home health aide services, and homemaker services given by or under the supervision of a registered nurse.
- Doctor services and diagnostic testing.
- Social services and counseling services from a licensed social worker.

- Prosthetics and orthopedic appliances.
- Bereavement (grief) services, including a review of the needs of the bereaved family and the development of a care plan to meet those needs, both before and after the Member's death. Bereavement services are available to the patient and those individuals who are closely linked to the patient, including the immediate family, the primary or designated care giver and individuals with significant personal ties for one year after the Member's death.
- Transportation.

Your Doctor must agree to care by the Hospice and must be consulted in the development of the care plan. The Hospice must keep a written care plan on file and give it to us upon request.

Benefits for services beyond those listed above that are given for disease modification or palliation, such as but not limited to chemotherapy and radiation therapy, are available to a Member in Hospice. These services are covered under other parts of this Plan. Any care you get that has to do with an unrelated illness or medical condition will be subject to the provisions of this plan that deals with that illness.

**Important Note About Maternity Admissions:** Under federal law, we may not limit benefits for any Hospital length of stay for childbirth for the mother or newborn to less than 48 hours after vaginal birth, or less than 96 hours after a cesarean section (C-section). If the baby is born between 8:00 p.m. and 8:00 a.m., coverage will continue until 8:00 a.m. on the morning after the 48 or 96 hours timeframe. However,

federal law as a rule does not stop the mother's or newborn's attending Provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours, or 96 hours, as applicable. In any case, as provided by federal law, we may not require a Provider to get authorization from us before prescribing a length of stay which is not more than 48 hours for a vaginal birth or 96 hours after a C-section.

## Preventive Care for Chronic Conditions (per IRS guidelines)

If Medicare does not cover a service or supply, then it is not a covered service except as provided below.

Members with certain chronic health conditions may be able to receive preventive care for those conditions prior to meeting their Deductible when services are provided by an In-Network Provider. These benefits are available if the care qualifies under guidelines provided by the Treasury Department, Internal Revenue Service (IRS), and Department of Health and Human Services (HHS) (referred to as “the agencies”). Details on those guidelines can be found on the IRS’s website at the following link:

## **Section 9. Member Payment Responsibility**

### **Your Cost-Shares**

Your Plan may involve Deductibles, Copayments, and Coinsurance (as described below). Your Cost Sharing requirements are based on the Medicare allowed amount for services covered by Medicare up to the Maximum Allowed Amount of this Plan. For those services not covered by Medicare but that are covered under this Booklet your Cost Sharing requirements are based on Our Maximum Allowed Amount.

### **Maximum Allowed Amount**

#### **General**

This section describes how we determine the amount of reimbursement for Covered Services that are covered by this Booklet, but not covered by Medicare. Reimbursement for services rendered by In-Network and Out-of-Network Providers is based on this Booklet's Maximum Allowed Amount for the Covered Service that you receive. Please see "Inter-Plan Arrangement's" in the "Claims Procedure (How to File a Claim)" section for additional information.

The Maximum Allowed Amount for this Booklet is the maximum amount of reimbursement we will allow for services and supplies:

- That meet our definition of Covered Services, to the extent such services and supplies are covered under your Booklet and are not excluded;
- That are Medically Necessary; and
- That are provided in accordance with all applicable preauthorization, utilization management or other requirements set forth in your Booklet.

You will be required to pay a portion of the Maximum Allowed Amount to the extent you have not met your Deductible or have a Copayment or Coinsurance. Except for Surprise Billing Claims\*, when you receive Covered Services from an Out-of-Network Provider, you may be responsible for paying any difference between the Maximum Allowed Amount and the Provider's actual charges. This amount can be significant.

\*Surprise Billing Claims are described in the "Consolidated Appropriations Act of 2021 Notice" at the beginning of this Booklet. Please refer to that section for further details.

When you receive Covered Services from a Provider, we will, to the extent applicable, apply claim processing rules to the claim submitted for those Covered Services. These rules evaluate the claim information and, among other things, determine the accuracy and appropriateness of the procedure and diagnosis codes included in the claim. Applying these rules may affect our determination of the Maximum Allowed Amount. Our application of these rules does not mean that the Covered Services you received were not Medically Necessary. It means we have determined that the claim was submitted inconsistent with procedure coding rules and/or reimbursement policies. For example, your Provider may have submitted the claim using several procedure codes when there is a single procedure code that includes all of the procedures that were performed. When this occurs, the Maximum Allowed Amount will be based on the single procedure code rather than a separate Maximum Allowed Amount for each billed code.

Likewise, when multiple procedures are performed on the same day by the same Doctor or other healthcare professional, we may reduce the Maximum Allowed Amounts for those secondary and subsequent procedures because reimbursement at 100% of the Maximum Allowed Amount for those procedures would represent duplicative payment for components of the primary procedure that may be considered incidental or inclusive.

#### **Member Cost Share**

For certain Covered Services, you may be required to pay a part of the Maximum Allowed Amount as your cost share amount (for example, Deductible and/or Coinsurance).

We will not provide any reimbursement for non-Covered Services or services provided by a Provider who is NOT a contracted Provider. Both services specifically excluded by the terms of this Booklet and those received after benefits have been exhausted are non-Covered Services.

Under certain circumstances, if We, on behalf of the Plan, pay the Provider amounts that are your responsibility, such as Deductibles or Coinsurance, We may collect such amounts directly from you. You agree that We, on behalf of the Plan, have the right to collect such amounts from you.

## **Federal/State Taxes/Surcharges/Fees**

Federal or state laws or regulations may require a surcharge, tax or other fee. If applicable, we will include any such surcharge, tax or other fee as part of the claim charge passed on to you.

## **Claims Review**

Anthem has processes to review claims before and after payment to detect fraud, waste, abuse and other inappropriate activity. Members seeking services from Out-of-Network Providers could be balanced billed by the Out-of-Network Provider for those services that are determined to be not payable as a result of these review processes. A claim may also be determined to be not payable due to a Provider's failure to submit medical records with the claims that are under review in these processes.

## Section 10. Claims Procedure (How to File a Claim)

For services not covered by Medicare that are covered under this Booklet, when a PPO or Participating Provider bills Us for Covered Services, We will authorize payment from the Plan of the appropriate charges for the benefit directly to the Provider. You are responsible for providing the PPO or Participating Provider with all information necessary for the Provider to submit a claim. You pay the applicable Deductible and/or Coinsurance to the Provider when the Covered Service is received.

If you receive care from an Out-of-Network Provider, you will need to make sure a claim is filed. Many Out-of-Network Hospitals, Doctors and other Providers will file your claim for you, although they are not required to do so. If you file the claim, use a claim form as described later in this section.

### Notice of Claim & Proof of Loss

After you get Covered Services, we must receive written notice of your claim in order for benefits to be paid.

- In-Network Providers will submit claims for you. They are responsible for ensuring that claims have the information we need to determine benefits. If the claim does not include enough information, we will ask them for more details, and they will be required to supply those details within certain timeframes.
- Out-of-Network claims can be submitted by the Provider if the Provider is willing to file on your behalf. However, if the Provider is not submitting on your behalf, you will be required to submit the claim. Claim forms are usually available from the Provider. If they do not have a claims form, you can send a written request to us, or contact Member Services and ask for a claims form to be sent to you. If you do not receive the claims form, you can still submit written notice of the claim without the claim form. The same information that would be given on the claim form must be included in the written notice of claim, including:
  - Name of patient.
  - Patient's relationship with the Subscriber.
  - Identification number.
  - Date, type, and place of service.
  - Your signature and the Provider's signature.

Out-of-Network claims must be submitted within 180 days. In certain cases, state or federal law may allow additional time to file a claim, if you could not reasonably file within the 180 day period. Failure to file a claim within 180 days shall not invalidate nor reduce any claim if it was not reasonably possible to file the claim within such time, provided such proof is submitted as soon as reasonably possible and in no event, except in the absence of legal capacity, later than one year from the time the claim is required to be filed. The claim must have the information we need to determine benefits. If the claim does not include enough information, we will ask you for more details and inform you of the time by which we need to receive that information. Once we receive the required information, we will process the claim according to the terms of your Plan.

**Please note that failure to submit the information we need by the time listed in our request could result in the denial of your claim, unless state or federal law requires an extension.**

Please contact Member Services if you have any questions or concerns about how to submit claims.

### Member's Cooperation

You will be expected to complete and submit to us all such authorizations, consents, releases, assignments and other documents that may be needed in order to obtain or assure reimbursement under Medicare, Workers' Compensation or any other governmental program. If you fail to cooperate you will be responsible for any charge for services.

## **Payment of Benefits**

You authorize us to make payments directly to Providers for Covered Services. In no event, however, shall our right to make payments directly to a Provider be deemed to suggest that any Provider is a beneficiary with independent claims and appeal rights under the Plan. Where permitted by applicable law, we reserve the right to make payments directly to you as opposed to any Provider for Covered Service, at our discretion. In the event that payment is made directly to you, you have the responsibility to apply this payment to the claim from the Out-of-Network Provider. Payments and notice regarding the receipt and/or adjudication of claims may also be sent to an Alternate Recipient (which is defined herein as any child of a Subscriber who is recognized under a "Qualified Medical Child Support Order" as having a right to enrollment under the Employer's Plan), or that person's custodial parent or designated representative. Any payments made by us (whether to any Provider for Covered Service or you) will discharge our obligation for Covered Services. You cannot assign your right to receive payment to anyone, except as required by a "Qualified Medical Child Support Order" as defined by, and if subject to, ERISA or any applicable Federal law.

Once a Provider performs a Covered Service, we will not honor a request for us to withhold payment of the claims submitted.

The coverage, rights, and benefits under the Plan are not assignable by any Member, except as required by law. This prohibition against assignment includes rights to receive payment, claim benefits under the Plan and/or law, sue or otherwise begin legal action, or request Plan documents or any other information that a Participant or beneficiary may request under ERISA.

## **Section 11. General Policy Provisions**

### **Assignment**

Members cannot legally transfer the coverage. Benefits available under this Booklet are not assignable by any Member without obtaining written permission from us, unless in a way described in the “How to Access Your Services and Obtain Approval of Benefits (Applicable to Managed Care Plans)” and in “Claims Procedure (How to File a Claim)” sections.

### **Care Coordination**

We pay In-Network Providers in various ways to provide Covered Services to you. For example, sometimes we may pay In-Network Providers a separate amount for each Covered Service they provide. We may also pay them one amount for all Covered Services related to treatment of a medical condition. Other times, we may pay a periodic, fixed pre-determined amount to cover the costs of Covered Services. In addition, we may pay In-Network Providers financial incentives or other amounts to help improve quality of care and/or promote the delivery of health care services in a cost-efficient manner, or compensate In-Network Providers for coordination of Member care. In some instances, In-Network Providers may be required to make payment to us because they did not meet certain standards. You do not share in any payments made by In-Network Providers to us under these programs.

### **Clerical Error**

A clerical error will never disturb or affect your coverage, as long as your coverage is valid under the rules of the Plan. This rule applies to any clerical error, regardless of whether it was the fault of the Employer or us.

### **Confidentiality and Release of Information**

Applicable state and federal law requires us to undertake efforts to safeguard your medical information.

For informational purposes only, please be advised that a statement describing our policies and procedures regarding the protection, use and disclosure of your medical information is available on our website and can be furnished to you upon request by contacting our Member Services department.

Obligations that arise under state and federal law and policies and procedures relating to privacy that are referenced but not included in this Booklet are not part of the contract between the parties and do not give rise to contractual obligations.

### **Conformity with Law**

Any term of the Plan which is in conflict with the applicable laws, will hereby be automatically amended to conform with the minimum requirements of such laws.

### **Form or Content of Booklet**

No agent or employee of ours is authorized to change the form or content of this Booklet. Changes can only be made through a written authorization, signed by an officer of the Employer. Changes are further noted in “Modifications” below this section.

### **Government Programs**

The benefits under this Plan shall not duplicate any benefits that you are entitled to, or eligible for, under any other governmental program. This does not apply if any particular laws require us to be the primary payor. If we have duplicated such benefits, all money paid by such programs to you for services you have or are receiving, shall be returned by or on your behalf to us.

## **Medical Policy and Technology Assessment**

Anthem reviews and evaluates new technology according to its technology evaluation criteria developed by its medical directors. Technology assessment criteria are used to determine the Experimental / Investigational status or Medical Necessity of new technology. Guidance and external validation of Anthem's medical policy is provided by the Medical Policy and Technology Assessment Committee (MPTAC) which consists of approximately 20 Doctors from various medical specialties including Anthem's medical directors, Doctors in academic medicine and Doctors in private practice.

Conclusions made are incorporated into medical policy used to establish decision protocols for particular diseases or treatments and applied to Medical Necessity criteria used to determine whether a procedure, service, supply or equipment is covered.

## **Modifications**

This Booklet allows the Plan Administrator to make Plan coverage available to eligible Members. However, this Booklet shall be subject to amendment, modification, and termination in accordance with any of its provisions, the Administrative Services Only Agreement, or by mutual agreement between the Plan Administrator and Anthem without the permission or involvement of any Member. By electing medical and Hospital coverage under the Plan or accepting Plan benefits, all Members who are legally capable of entering into a contract, and the legal representatives of all Members that are incapable of entering into a contract, agree to all terms, conditions, and provisions in this Booklet.

## **Network Access Plan**

We strive to provide Provider networks in Colorado that addresses your health care needs. The Network Access Plan describes our Provider network standards for network sufficiency in service, access and availability, as well as assessment procedures we follow in our effort to maintain adequate and accessible networks. To request a copy of this document, call Member Services. This document is also available on our website or for in-person review at 700 Broadway in Denver, Colorado.

## **Not Liable for Provider Acts or Omissions**

We are not responsible for the actual care you receive from any person. This Booklet does not give anyone any claim, right, or cause of action against Anthem based on the actions of a Provider of health care, services, or supplies.

## **Payment Innovation Programs**

We pay In-Network Providers through various types of contractual arrangements. Some of these arrangements – Payment Innovation Programs (Program(s)) – may include financial incentives to help improve quality of care and promote the delivery of health care services in a cost-efficient manner.

These Programs may vary in methodology and subject area of focus and may be modified by us from time to time, but they will be generally designed to tie a certain portion of an In-Network Provider's total compensation to pre-defined quality, cost, efficiency or service standards or metrics. In some instances, In-Network Providers may be required to make payment to us under the Program as a consequence of failing to meet these pre-defined standards.

The Programs are not intended to affect your access to health care. The Program payments are not made as payment for specific Covered Services provided to you, but instead, are based on the In-Network Provider's achievement of these pre-defined standards. You are not responsible for any Copayment or Coinsurance amounts related to payments made by us or to us under the Program(s), and you do not share in any payments made by Network Providers to us under the Program(s).

## **Policies and Procedures**

We are able to introduce new policies, procedures, rules and interpretations, as long as they are reasonable. Such changes are introduced to make the Plan more orderly and efficient. Members must follow and accept any new policies, procedures, rules, and interpretations.

Under the terms of the Administrative Services Agreement, we have the authority, in our sole discretion, to introduce or terminate from time to time, pilot or test programs for disease management, care management, or wellness initiatives which may result in the payment of benefits not otherwise specified in this Booklet. We reserve the right to discontinue a pilot or test program at any time.

## **Program Incentives**

We may offer incentives from time to time, at our discretion, in order to introduce you to covered programs and services available under this Plan. The purpose of these incentives include, but is not limited to, making you aware of cost effective benefit options or services, helping you achieve your best health, and encouraging you to update member-related information. These incentives may be offered in various forms such as retailer coupons, gift cards, health related merchandise, and discounts on fees or Member cost shares. Acceptance of these incentives is voluntary as long as Anthem offers the incentives program. We may discontinue an incentive for a particular covered program or service at any time. If you have any questions about whether receipt of an incentive or retailer coupon results in taxable income to you, we recommend that you consult your tax advisor.

## **Relationship of Parties (Anthem and In-Network Providers)**

The relationship between Anthem and In-Network Providers is an independent contractor relationship. In-Network Providers are not agents or employees of ours, nor is Anthem, or any employee of it, an employee or agent of In-Network Providers.

Your health care Provider is solely responsible for all decisions regarding your care and treatment, regardless of whether such care and treatment is a Covered Service under this Plan. The Plan Administrator shall not be responsible for any claim or demand on account of damages arising out of, or in any manner connected with, any injuries suffered by a Member while receiving care from any In-Network Provider or in any In-Network Provider's Facilities.

Your In-Network Provider's agreement for providing Covered Services may include financial incentives or risk sharing relationships related to the provision of services or referrals to other Providers, including In-Network Providers, Out-of-Network Providers, and disease management programs. If you have questions regarding such incentives or risk sharing relationships, please contact your Provider or Anthem.

## **Right of Recovery and Adjustment**

Whenever payment has been made in error, we will have the right to recover such payment from you or, if applicable, the Provider, or otherwise make appropriate adjustment to claims. In most instances such recovery or adjustment activity shall be limited to the calendar year in which the error is discovered.

We have oversight responsibility for compliance with Provider and vendor contracts. We may enter into a settlement or compromise regarding enforcement of these contracts and may retain any recoveries made from a Provider or vendor resulting from these audits if the return of the overpayment is not feasible. Additionally, we have established recovery and adjustment policies to determine which recoveries and adjustments are to be pursued, when to incur costs and expenses and settle or compromise recovery or adjustment amounts. We will not pursue recoveries for overpayments or adjustments for underpayments if the cost of the activity exceeds the overpayment or underpayment amount. Anthem reserves the right to deduct or offset, including cross plan offsetting on In-Network claims and on Out-Of-Network claims where the Out-of-Network Provider agrees to cross plan offsetting, any amounts paid in error from any pending or future claim.

## **Unauthorized Use of Identification Card**

If you permit your Identification Card to be used by someone else or if you use the card before coverage is in effect or after coverage has ended, you will be liable for payment of any expenses incurred resulting from the unauthorized use. Fraudulent misuse could also result in termination of the coverage.

## **Value-Added Programs**

We may offer health or fitness related programs to our Members, through which you may access discounted rates from certain vendors for products and services available to the general public. Products and services available under this program are not Covered Services under your Plan but are in addition to Plan benefits. As such, program features are not guaranteed under your health Plan Contract and could be discontinued at any time. We do not endorse any vendor, product or service associated with this program. Program vendors are solely responsible for the products and services you receive.

## **Value of Covered Services**

For purposes of subrogation, reimbursement of excess benefits, or reimbursement under any Workers' Compensation or Employer Liability Law, the value of Covered Services shall be the amount we paid for the Covered Services.

## **Voluntary Clinical Quality Programs**

We may offer additional opportunities to assist you in obtaining certain covered preventive or other care (e.g., well child check-ups or certain laboratory screening tests) that you have not received in the recommended timeframe. These opportunities are called voluntary clinical quality programs. They are designed to encourage you to get certain care when you need it and are separate from Covered Services under your Plan. These programs are not guaranteed and could be discontinued at any time. We will give you the choice and if you choose to participate in one of these programs, and obtain the recommended care within the program's timeframe, you may receive incentives such as gift cards or retailer coupons, which we encourage you to use for health and wellness related activities or items. Under other clinical quality programs, you may receive a home test kit that allows you to collect the specimen for certain covered laboratory tests at home and mail it to the laboratory for processing. You may also be offered a home visit appointment to collect such specimens and complete biometric screenings. You may need to pay any cost shares that normally apply to such covered laboratory tests (e.g., those applicable to the laboratory processing fee) but will not need to pay for the home test kit or the home visit. If you have any questions about whether receipt of a gift card or retailer coupon results in taxable income to you, we recommend that you consult your tax advisor.

## **Waiver**

No agent or other person, except an authorized officer of Anthem, is able to disregard any conditions or restrictions contained in this Booklet, to extend the amount of time for making a payment to us, or to bind us by making any promise or representation or by giving or receiving any information.

## **Section 12. Termination/Nonrenewal/Continuation**

Because the Plan provides you with multiple health care options, eligible employees may change coverage for themselves and/or their eligible Dependents to another benefit Plan offered by the Plan during Open Enrollment.

### **Termination**

Except as otherwise provided, your coverage may terminate in the following situations:

- When the Administrative Services Agreement between the Employer and us terminates. It will be the Employer's responsibility to notify you of the termination of coverage.
- Upon the Subscriber's death.
- If you choose to terminate your coverage. We must receive a 31-day advance notice to end coverage. We will credit Fees paid in advance unless we do not receive the cancellation request at least 31-days before the effective date of the cancellation.
- If you or your Dependents cease to meet the eligibility requirements of the Plan, subject to any applicable continuation requirements. If you cease to be eligible, the Employer and/or you must notify us immediately. The Employer and/or you shall be responsible for payment for any services incurred by you after you cease to meet eligibility requirements.
- If you elect coverage under another carrier's health benefit plan, which is offered by the Employer as an option instead of this Plan, subject to the consent of the Employer. The Employer agrees to immediately notify us that you have elected coverage elsewhere.
- If you perform an act, practice, or omission that constitutes fraud or make an intentional misrepresentation of material fact, as prohibited by the terms of your Plan, your coverage and the coverage of your Dependents can be retroactively terminated or rescinded. A rescission of coverage means that the coverage may be legally voided back to the start of your coverage under the Plan, just as if you never had coverage under the Plan. You will be provided with a 30 calendar day advance notice with appeal rights before your coverage is retroactively terminated or rescinded. You are responsible for paying us for the cost of previously received services based on the Maximum Allowable Amount for such services, less any Copayments made or Fees paid for such services.
- If you fail to pay or fail to make satisfactory arrangements to pay your portion of the Fee, we may terminate your coverage and may also terminate the coverage of your Dependents.
- If you permit the fraudulent use of your or any other Member's Plan Identification Card by any other person; use another person's Identification Card; or use an invalid Identification Card to obtain services, your coverage will terminate immediately upon our written notice to the Employer. Anyone involved in the misuse of a Plan Identification Card will be liable to and must reimburse us for the Maximum Allowed Amount for services received through such misuse.
- When a Dependent no longer qualifies as a Dependent.
- On the date of a final divorce decree or legal separation for dependent spouse.
- When legal custody of a child placed for adoption ends.

You will be notified in writing of the date your coverage ends by either us or the Employer.

### **Removal of Members**

Upon written request through the Employer, you may cancel your coverage and/or your Dependent's coverage from the Plan. If this happens, no benefits will be provided for Covered Services after the

termination date even if we have preauthorized the service, unless the Provider confirmed eligibility within two business days before the service is received.

## **Section 13. Appeals and Complaints**

We want your experience with us to be as positive as possible. There may be times, however, when you have a complaint, problem, or question about your Plan or a service you have received. In those cases, please contact Member Services by calling the Member Services telephone number on the back of your ID card. We will try to resolve your complaint informally by talking to your Provider or reviewing your claim. If you are not satisfied with the resolution of your complaint, you have the right to file a Grievance / Appeal, which is defined as follows:

We may have turned down your claim for benefits, your continuity of care request, or your request to cover a Drug as an exception to the Prescription Drug List. We may have also denied your request to preauthorize or receive a service or a supply. If you disagree with our decision you can:

1. File a complaint;
2. File an appeal; or
3. File a grievance.

If you have a Complaint about any aspect of Our service or claims processing, you should contact Our Member Services department. A trained representative will work to clear up any confusion and resolve your concerns. You may submit a written Complaint to the address listed below. If you are not satisfied with the resolution of Member concerns by Our Member Services associate, you may file an Appeal at these addresses as explained under the **Appeals** heading in this section:

### **Appeals**

For purposes of these Appeal provisions, "claim for benefits" means a request for benefits under the plan. The term includes both pre-service and post-service claims.

- A pre-service claim is a claim for benefits under the plan for which you have not received the benefit or for which you may need to obtain approval in advance.
- A post-service claim is any other claim for benefits under the plan for which you have received the service.

If your claim is denied or if your coverage is rescinded:

- you will be provided with a written notice of the denial; and
- you are entitled to a full and fair review of the denial.

The procedure Anthem will satisfy following the minimum requirements for a full and fair review under applicable federal regulations.

### **Notice of Adverse Benefit Determination**

If your claim is denied, Anthem's notice of the adverse benefit determination (denial) will include:

- information sufficient to identify the claim involved;
- the specific reason(s) for the denial;
- a reference to the specific plan provision(s) on which Anthem's determination is based;
- a description of any additional material or information needed to perfect your claim;
- an explanation of why the additional material or information is needed;
- a description of the plan's review procedures and the time limits that apply to them, including a statement of your right to bring a civil action under ERISA within one year of the appeal decision if you submit an appeal and the claim denial is upheld;
- information about any internal rule, guideline, protocol, or other similar criterion relied upon in making the claim determination and about your right to request a copy of it free of charge, along with a discussion of the claims denial decision;
- information about the scientific or clinical judgment for any determination based on medical necessity or experimental treatment, or about your right to request this explanation free of charge, along with a discussion of the claims denial decision; and
- information regarding your potential right to an External Appeal pursuant to federal law.

For claims involving urgent/concurrent care:

- Anthem's notice will also include a description of the applicable urgent/concurrent review process; and
- Anthem may notify you or your authorized representative within 24 hours orally and then furnish a written notification.

### **Appeals**

You have the right to appeal an adverse benefit determination (claim denial). You or your authorized representative must file your appeal within 180 calendar days after you are notified of the denial. You will have the opportunity to submit written comments, documents, records, and other information supporting your claim. Anthem's review of your claim will take into account all information you submit, regardless of whether it was submitted or considered in the initial benefit determination.

- Anthem shall offer a single mandatory level of appeal and an additional voluntary second level of appeal which may be a panel review, independent review, or other process consistent with the entity reviewing the appeal. The time frame allowed for the Administrator to complete its review is dependent upon the type of review involved (e.g. pre-service, concurrent, post-service, urgent, etc.).

**For pre-service claims involving urgent/concurrent care**, you may obtain an expedited appeal. You or your authorized representative may request it orally or in writing. All necessary information, including Anthem's decision, can be sent between Anthem and you by telephone, facsimile or other similar method. To file an appeal for a claim involving urgent/concurrent care, you or your authorized representative must contact Anthem at the phone number listed on your Health Benefit ID card and provide at least the following information:

- the identity of the claimant;

- the date(s) of the medical service;
- the specific medical condition or symptom;
- the provider's name;
- the service or supply for which approval of benefits was sought; and
- any reasons why the appeal should be processed on a more expedited basis.

**All other requests for appeals** should be submitted in writing by the Member or the Member's authorized representative, except where the acceptance of oral appeals is otherwise required by the nature of the appeal (e.g. urgent care). You or your authorized representative must submit a request for review to:

For services that are **not** for Mental Health Conditions, Alcohol Dependency or Substance Dependency:

Anthem Blue Cross and Blue Shield

Appeals Department  
700 Broadway  
Mail Stop CO0104-0430  
Denver, CO 80273

For services that are for Mental Health Conditions, Alcohol Dependency or Substance Dependency:

Anthem Blue Cross and Blue Shield

Appeals Department  
700 Broadway  
Mail Stop CO0106-0642  
Denver, CO 80273

You must include Your Member Identification Number when submitting an appeal.

Upon request, Anthem will provide, without charge, reasonable access to, and copies of, all documents, records, and other information relevant to your claim. "Relevant" means that the document, record, or other information:

- was relied on in making the benefit determination; or
- was submitted, considered, or produced in the course of making the benefit determination; or
- demonstrates compliance with processes and safeguards to ensure that claim determinations are made in accordance with the terms of the plan, applied consistently for similarly-situated claimants; or
- is a statement of the plan's policy or guidance about the treatment or benefit relative to your diagnosis.

Anthem will also provide you, free of charge, with any new or additional evidence considered, relied upon, or generated in connection with your claim. In addition, before you receive an adverse benefit determination on review based on a new or additional rationale, Anthem will provide you, free of charge, with the rationale.

**For Out of State Appeals** You have to file Provider appeals with the Host Plan. This means Providers must file appeals with the same plan to which the claim was filed.

### **How Your Appeal will be Decided**

When Anthem considers your appeal, Anthem will not rely upon the initial benefit determination or, for voluntary second-level appeals, to the earlier appeal determination. The review will be conducted by an appropriate reviewer who did not make the initial determination and who does not work for the person who made the initial determination. A voluntary second-level review will be conducted by an appropriate reviewer

who did not make the initial determination or the first-level appeal determination and who does not work for the person who made the initial determination or first-level appeal determination.

If the denial was based in whole or in part on a medical judgment, including whether the treatment is experimental, investigational, or not medically necessary, the reviewer will consult with a health care professional who has the appropriate training and experience in the medical field involved in making the judgment. This health care professional will not be one who was consulted in making an earlier determination or who works for one who was consulted in making an earlier determination.

### **Notification of the Outcome of the Appeal**

**If you appeal a claim involving urgent/concurrent care,** Anthem will notify you of the outcome of the appeal as soon as possible, but not later than 72 hours after receipt of your request for appeal.

**If you appeal any other pre-service claim,** Anthem will notify you of the outcome of the appeal within 30 days after receipt of your request for appeal

**If you appeal a post-service claim,** Anthem will notify you of the outcome of the appeal within 60 days after receipt of your request for appeal.

### **Appeal Denial**

- If your appeal is denied, that denial will be considered an adverse benefit determination. The notification from Anthem will include all of the information set forth in the above subsection entitled "Notice of Adverse Benefit Determination."

### **Voluntary Second Level Appeals**

If you are dissatisfied with the mandatory first level appeal decision, a voluntary second level appeal may be available. If you would like to initiate a second level appeal, please write to the address listed above. Voluntary appeals must be submitted within 60 calendar days of the denial of the first level appeal. You are not required to complete a voluntary second level appeal prior to submitting a request for an independent External Review.

### **External Review**

If the outcome of the mandatory first level appeal is adverse to you and it was based on medical judgment, or if it pertained to a rescission of coverage, you may be eligible for an independent External Review pursuant to federal law.

You must submit your request for External Review to Anthem within four (4) months of the notice of your final internal adverse determination.

A request for an External Review must be in writing unless Anthem determines that it is not reasonable to require a written statement. You do not have to re-send the information that you submitted for internal appeal. However, you are encouraged to submit any additional information that you think is important for review.

For pre-service claims involving urgent/concurrent care, you may proceed with an Expedited External Review without filing an internal appeal or while simultaneously pursuing an expedited appeal through our internal appeal process. You or your authorized representative may request it orally or in writing. All necessary information, including Anthem's decision, can be sent between the Administrator and you by telephone, facsimile or other similar method. To proceed with an Expedited External Review, you or your authorized representative must contact Anthem at the phone number listed on your Health Benefit ID card and provide at least the following information:

- the identity of the claimant;
- the date(s) of the medical service;
- the specific medical condition or symptom;

- the provider's name;
- the service or supply for which approval of benefits was sought; and
- any reasons why the appeal should be processed on a more expedited basis.

All other requests for External Review should be submitted in writing unless Anthem determines that it is not reasonable to require a written statement. Such requests should be submitted by you or your authorized representative to:

Anthem Blue Cross and Blue Shield  
700 Broadway  
Mail Stop CO0104-0430  
Denver, CO 80273

You must include Your Member Identification Number when submitting an appeal.

This is not an additional step that you must take in order to fulfill your appeal procedure obligations described above. Your decision to seek External Review will not affect your rights to any other benefits under this health care plan. There is no charge for you to initiate an independent External Review. The External Review decision is final and binding on all parties except for any relief available through applicable state laws or ERISA (if applicable).

#### **Requirement to file an Appeal before filing a lawsuit**

No lawsuit or legal action of any kind related to a benefit decision may be filed by you in a court of law or in any other forum, unless it is commenced within one year of the Plan's final decision on the claim or other request for benefits. If the Plan decides an appeal is untimely, the Plan's latest decision on the merits of the underlying claim or benefit request is the final decision date. You must exhaust the internal Appeals Procedure but not including any voluntary level of appeal, before filing a lawsuit or taking other legal action of any kind against the Plan.

If your health benefit Plan is sponsored by your employer and subject to the Employee Retirement Income Security Act of 1974 (ERISA) and your appeal as described above results in an adverse benefit determination, you have a right to bring a civil action under Section 502(a) of ERISA within one year of the appeal decision.

**The Plan reserves the right to modify the policies, procedures and timeframes in this section upon further clarification from Department of Health and Human Services and Department of Labor.**

## **Grievances**

If you have an issue or concern about the quality or services you receive from an In-Network Provider or Facility, you can file a grievance. The quality management department strives to resolve grievances fairly and quickly.

#### **For medical and prescription drug or pharmacy issues:**

Anthem Blue Cross and Blue Shield  
Attn: Grievance and Appeals Department  
700 Broadway  
Denver, CO 80273-0001

Our quality management department will acknowledge that we've received your grievance. They'll also investigate it. We treat every grievance confidentially.

- Provided in line with medical or professional standards;
- Known to be effective, as proven by scientific evidence, in improving health;
- The most appropriate supply, setting or level of service that can safely be provided to you and which cannot be omitted. It will need to be consistent with recognized professional standards of care. In the case of a Hospital stay, also means that safe and adequate care could not be obtained as an outpatient;
- Cost-effective compared to alternative interventions, including no intervention or the same intervention in an alternative setting. Cost effective does not always mean lowest cost. It does mean that as to the diagnosis or treatment of your illness, injury or disease, the service is: (1) not more costly than an alternative service or sequence of services that is medically appropriate, or (2) the service is performed in the least costly setting that is medically appropriate. For example we will not provide coverage for an inpatient admission for surgery if the surgery could have been performed on an outpatient basis or an infusion or injection of a specialty drug provided in the outpatient department of a hospital if the drug could be provided in a Physician's office or the home setting;
- Not Experimental or Investigational;
- Not primarily for you, your families, or your Provider's convenience; and

The fact that a Doctor or Provider may prescribe, order, recommend or approve care, treatment, services or supplies does not, of itself, make such care, treatment, services or supplies Medically Necessary.

## **Section 15. Thank You from Anthem**

*The medical benefits described in this Booklet are paid by CU Health Plan. Anthem Blue Cross and Blue Shield ("Anthem") provides administrative claims payment services as described before this page.*

Prescription Drug Coverage described after this page is administered by CVS Caremark after this page and does not obligate Anthem to provide or pay for any additional benefits or services.

Thank you for selecting Anthem Blue Cross and Blue Shield for your medical health care coverage.

## Section 16. Prescription Benefits Administered by CVS Caremark

If Medicare does not cover a service or supply, then it is not a covered service except as provided below. Benefits in this section are subject to the **GENERAL EXCLUSIONS** section of this Booklet. If you enroll in medical coverage, you automatically receive prescription drug benefits administered by CVS Caremark.

### How Prescription Drug Benefits Work

To be eligible for coverage, a prescription drug must be:

- Necessary for the treatment of a disease or illness and widely accepted as effective, appropriate and essential – based on the recognized standards of the medical community,
- Prescribed by a licensed physician and
- Prescribed in accordance with type, frequency and duration-of-treatment guidelines of national medical, research and governmental agencies.

Visit the CVS Caremark website ([www.caremark.com](http://www.caremark.com)) or call CVS Caremark at 1-888-964-0121 for the generic, brand, (preferred or non-preferred) and specialty listing that describes those prescription drugs that are eligible and ineligible for reimbursement under your CU Health Plan. If you have any questions about a particular prescription, call CVS Caremark. The fact that your physician prescribes, orders, recommends, or approves a prescription or supply does not automatically mean it is an eligible expense. Always call CVS Caremark to confirm coverage.

The program offers coverage for both your short-term and long-term prescription needs. To receive prescription drug benefits, you and your covered dependents may pay a portion of the covered expenses for prescription drugs and related supplies. That portion is the copayment, deductible or coinsurance.

The CVS Caremark network includes many retail pharmacies, including major chain pharmacies and independent community pharmacies. To locate a participating pharmacy either call CVS Caremark directly at 1-888-964-0121. To find the pharmacy closest to you, go to [www.caremark.com](http://www.caremark.com).

Prescription Drugs will always be dispensed as ordered by your Provider and by applicable State Pharmacy Regulations, however you may have higher out-of-pocket costs. You may request, or your Provider may order, the Brand Name Drug. However, if a Generic Drug is available, you will need to pay the cost difference between the Generic and Brand Name Drug, in addition to any Deductible and/or Coinsurance. The cost difference between the Generic and Brand Name Drug does not contribute to the Out-of-Pocket Annual Maximum. By law, Generic and Brand Name Drugs must meet the same standards for safety, strength, and effectiveness. We reserve the right, at our discretion, to remove certain higher cost Generic Drugs from this coverage.

This section describes the outpatient pharmacy benefits for medications obtained through a Retail Pharmacy, University of Colorado Hospital (UCH) Mail Order Prescription Service, or CVS Mail Order Pharmacy.

Outpatient Pharmacy services do not include services received in the Hospital as an Inpatient. For Medical Supply, durable medical equipment or appliance not obtained through a pharmacy, see the **MEDICAL SUPPLIES, DURABLE MEDICAL EQUIPMENT, AND APPLIANCES** section of this Booklet.

You may fill your prescriptions through any pharmacy. Mail order prescriptions may be filled by the University of Colorado Hospital (UCH) Mail Order Prescription Service or through CVS Mail Order Pharmacy.

For mail order Prescription Drugs they must be on the formulary drug list to be eligible for benefits. You may check your drug coverage by calling CVS Caremark customer service with the number on

the back of your ID card or by referencing the Check Drug Cost tool on [www.caremark.com](http://www.caremark.com). The formulary drug list is subject to quarterly review and amendment. Inclusion of a drug or related item on the preferred formulary drug list is not a guarantee of coverage.

For certain prescription drugs, the prescribing physician may be asked to provide additional information before we will determine Medical Necessity. We may, at our sole discretion, establish quantity limits for specific prescription drugs.

Certain prescription drugs (or the prescribed quantity of a particular drug) may require Preauthorization. At the time you fill a prescription, the pharmacist is informed of the Preauthorization requirement through the pharmacy's computer system, and the pharmacist is instructed to contact our contracted pharmacy affiliate. You may check your drug coverage and prior authorization requirements by calling CVS/Caremark customer service with the number on the back of your ID card or by referencing the Check Drug Cost tool on [www.caremark.com](http://www.caremark.com). Outpatient pharmacy benefits are limited to:

- Prescription drugs, including self-administered injectable drugs. These are Prescription Drugs that do not need administration or monitoring by a Provider in an office or Facility. Office-based injectables and infused Drugs that need Provider administration and/or supervision are covered under the "Prescription Drugs Administered by a Medical Provider" benefit in this section.
- Injectable insulin. Members diagnosed with diabetes may be eligible to have diabetic medication filled with no cost share. Please contact customer service or visit [www.caremark.com](http://www.caremark.com) for additional information.
- Oral contraceptive drugs and contraceptive devices.
- Certain supplies, equipment and appliances (such as those for diabetes and asthma). You may contact us to determine supplies covered through a pharmacy.
- Prescription Drugs that help you stop smoking or reduce your dependence on tobacco products. These Drugs will be covered under the Preventive Care Services section.
- FDA approved smoking cessation products, including over the counter nicotine replacement products, when obtained with a Prescription for a Member age 18 and older. These products will be covered under the Preventive Care Services section.

Each prescription filled at a Retail Pharmacy is subject to Deductible and Coinsurance.

Your Deductible and/or Copayment amount depends upon which tier the Prescription Drug falls under as follows:

**Tier-1** – Generic Drugs.

**Tier-2** – Brand Name Prescription Drugs.

**Tier-3** – Non-preferred Brand Name Prescription Drugs.

**Tier-4** – Specialty Drugs

See the *Summary of Benefits and Coverage* to determine the associated Cost share for each tier.

You are limited to a 90-day supply of a prescription drug if obtained at a Retail Pharmacy or received through a mail order service. For oral contraceptives, you are limited to three pill packs (normally 84 days) at a pharmacy, or three pill packs by mail order. When Medically Necessary, a one-month vacation override is available with applicable Deductible and/or Coinsurance and with quantity restrictions if you are traveling out of Colorado.
