

## 2021-22 Seasonal Flu Shot Update

Some grocery store pharmacies (e.g., King Soopers) may require customers to provide proof of insurance when receiving flu shots this season. Because of this, CU Health Plan members are encouraged to take your benefits cards with you or have a digital copy available on your phone wherever you receive a flu shot. If anyone else in your household is receiving a flu shot this season, proof of insurance may also be required for other members on your policy in order to receive their flu shot.

Members of the Exclusive, the Extended or the High-Deductible/HSA-compatible CU Health Plan have both an Anthem medical benefits card and a CVS pharmacy benefits card. Please be sure to take your CVS pharmacy benefits card with you or have a digital copy of this card available when visiting a King Soopers or other grocery store pharmacy for a seasonal flu shot.

### Seasonal flu shots and coverage by CU Health Plan

#### Exclusive, Extended, High Deductible and Medicare

The flu shot is covered under Anthem plan members' preventive care benefits at 100% when you go to a health professional in your plan. Contact your primary care doctor to get information about receiving a flu shot. Members can also get a flu shot at urgent care facilities, retail health clinics, many pharmacies or walk-in doctors' offices in their plan.

Questions? Call the number on your Anthem member ID card or visit [anthem.com](https://www.anthem.com) to find a health professional in your plan near you. For additional questions, call the Anthem Dedicated Customer Service team at 1-800-735-6072.

#### CVS

CVS Caremark administers the pharmacy benefits of Anthem CU Health Plans. There will be no cost to members who receive their flu shot at any network pharmacy. Find network pharmacy locations at Caremark.com. Visit [CVS.com/immunizations/flu](https://www.cvs.com/immunizations/flu) for more information.

Questions? Contact CVS Caremark's dedicated CU Health Plan Customer Care team at 1-888-964-0121, available 24 hours a day, seven days a week, 365 days a year.

#### Kaiser

To find a flu shot location near you, visit [kp.org/flu](https://kp.org/flu). If members aren't already vaccinated for COVID-19, they may be able to get both the flu shot and COVID-19 vaccine at the same time— and it's safe to do so. Visit [kp.org/covidvaccine](https://kp.org/covidvaccine) to schedule a vaccination appointment, get the latest updates on booster shots, learn how the vaccines work, and more.

Questions? See additional flu season information [here](#) or [Contact Kaiser support](#).
