Helping people save time, save money and stay healthy.

Here at CVS Health, we’re reinventing pharmacy to help people on their path to better health. Our commitment to digital innovation is one way we’re putting our purpose into action.

Throughout all of our service brands, we offer members, patients and customers a suite of digital tools that make managing their health more accessible, more intuitive and more integrated across all our channels.

Moving forward, we’ll continue to transform the future of health care by redefining convenience and improving the health outcomes of millions of people.

Our Digital Strategy

Digital tools are transforming the way consumers shop and manage their health care.

We're responding to these changing needs by differentiating the customer experience through three strategic pillars.

Build

Develop the ultra-convenient, fully integrated pharmacy experience only CVS Health can provide across our service brands (CVS Pharmacy, CVS MinuteClinic, CVS Caremark, CVS Specialty and Omnicare).

Personalize

Provide individualized customer interactions, leveraging data across all touch points to help members, patients and customers on their path to better health.

Innovate

Harness critical digital trends through rapid testing/learning/iteration and third-party collaboration at the CVS Health Digital Innovation Lab.

CVS Caremark. Helping to achieve better outcomes for clients and members.

7.6M CVS Caremark members engaged
with digital tools.*

Makes budgeting and tax prep easier by allowing members to print a list of prescription costs.

WEB

Plan Summary

Shows out-of-pocket maximum and deductible status to help members track their progress throughout the plan year.

WEB

Savings

Check Drug Cost Tool

Lets members search and compare drug costs covered under their fomulary plan, including those filled at multiple pharmacies and/or mail order precriptions.

WEB | APP

Prescription Savings Guide

Identifies ways members can save to help inform conversations with their doctor.

WEB

Rx Management

Refill Reminders

Sends prescription refill reminders via text or email.

WEB | SMS

Easy Refill

Offers members a simple way to refill by scanning the barcode on the prescription bottle.

APP

Guest Refill

Offers members a simple way to refill by entering their date of birth or prescription number.

WEB | APP

Refill by SMS

Makes it easy for members to confirm or deny prescription refills or renewals by replying “Yes” or “No” to a request sent via text message.

SMS

Auto Refills & Renewals

Automatically refills and ships a member’s ongoing medication.

WEB | APP

CVS Specialty. Helping patients manage treatments on their schedule.

Patients benefit from digital innovations that make it easier to manage prescriptions for the treatment of rare and complex conditions.

Refills

Quick Pay & Refill

Simplified login gives patients quick access to features, such as payment and refill.

WEB | APP

Guest Refill & Checkout

Easier and faster way for patients of all ages to leverage their prior refill bottle or box to checkout.

WEB | APP

Messaging

Order Status Messaging

Keeps patients informed with refill reminders and order updates via text message and/or email.

WEB | SMS | APP

Specialty Med Reminders

Helps patients stay on track by allowing them to set reminders to take their medications as prescribed.

APP

Secure Messaging

Allows registered patients using the CVS Specialty app to message their CareTeam, who respond in real time or within 24 hours.

SMS | APP

Care Rep SMS

Quick way for patients to communicate with their Coram®* CareTeam via text message.

SMS

MyHealthTeams

Provides social networks for specific chronic condition communities where patients can connect, share and learn from others.

WEB | APP

Prescription Management

Touch ID®

Allows patients to instantly access online account info via fingerprint recognition (for equipped iPhone® devices only).

APP

Online Payments

Makes life easier by allowing patients to pay online, manage payment options and receive reminder emails.

WEB | APP

In focus: MyHealthTeams

CVS Specialty believes in the power of connecting people living with chronic conditions. Through a collaboration with MyHealthTeams, we're making it easier for patients to connect, share and learn from others.

More than 850,000 people living with multiple sclerosis, rheumatoid arthritis, type 2 diabetes and other conditions have joined MyHealthTeams' social networks. Members benefit from emotional support and gain practical advice and insights on managing treatment. To learn more, visit MyHealthTeams.com/CVS.

*Coram CVS Specialty Infusion Services

Omnicare and Medicare Part D. Extending our patient service models.

Digital tools help patients and their CareTeams better manage the care they need throughout their health journey.

Omnicare

Empowering Facility Staff

Electronic Refills

Makes it easy for nurses to scan and submit medication refills and receive immediate confirmation or alerts about issues through Omniview®, a secure customer portal.

WEB | APP

Digital Order Tracking

Offers convenient, real-time access for staff to check the status of all medication orders and anticipated delivery, 24/7.

WEB | APP

Medication Costs

Allows nurses the ability to price out medications for residents prior to entering the facility.

WEB

Monthly Billing Activities

Provides an easy way to retrieve monthly invoices and complete a paperless review and payment.

WEB

Non-Covered Charges

Lets facilities and pharmacies interact in real time to resolve issues related to non-covered charges.

WEB

Supporting Residents & Caregivers

Online Enrollment

Provides residents with easy and secure online enrollment in Omnicare Pharmacy Services.

WEB

MyOmniview

Offers a convenient way for residents to manage their pharmacy services, such as viewing health records, monitoring spending and paying bills.

WEB

OmniPlanFinder

Helps ensure residents are enrolled in the most appropriate Medicare Part D plan through a collaboration with eHealth.

WEB

Medicare Part D

SilverScript® Responsive Design

Provides an optimal viewing and enrollment experience — easy reading and navigation with a minimum of resizing, panning and scrolling — across a wide range of devices.

WEB

Online EOB

Helps members stay organized and cut down on clutter with access to an online, paperless Explanation of Benefits (EOB).

WEB

SilverScript Premium Payment

Offers a secure online portal where members can make a one-time premium payment with a credit card and download a receipt for their records.

WEB

CVS Pharmacy and CVS MinuteClinic.

Helping patients manage their health anytime, anywhere.

Patients find it easier to manage their health and stay on track with their medications through a variety of digital tools and services.

WEB = WEBSITE OR MOBILE WEB | SMS = TEXT MESSAGE | APP = CVS MOBILE APP
