

# Employee Services: Learning Resources for Students

As a CU student, you have access to several learning systems to develop your professional skills and expertise. Available from the student portal, these resources range from articles and books to online courses and videos. Professional certification is also an optional benefit.

		
Online resources focused on AI-driven learning for professional development, including channels, videos, books and more.	Bridging the gap between the career you want and the skills you need. Online courses with engaging content from industry-leading practitioners and expert instructors.	Self-paced massive open online courses (MOOCs) and specializations taught by CU faculty from all four campuses.
