History of CU State Support + Resident Tuition

Boulder Colorado Springs Denver Anschutz Medical Campus

The balance between state support and tuition revenue has changed markedly since the 1970s.

State support was once more than three times tuition revenue. State support is now less than half of resident tuition revenue.

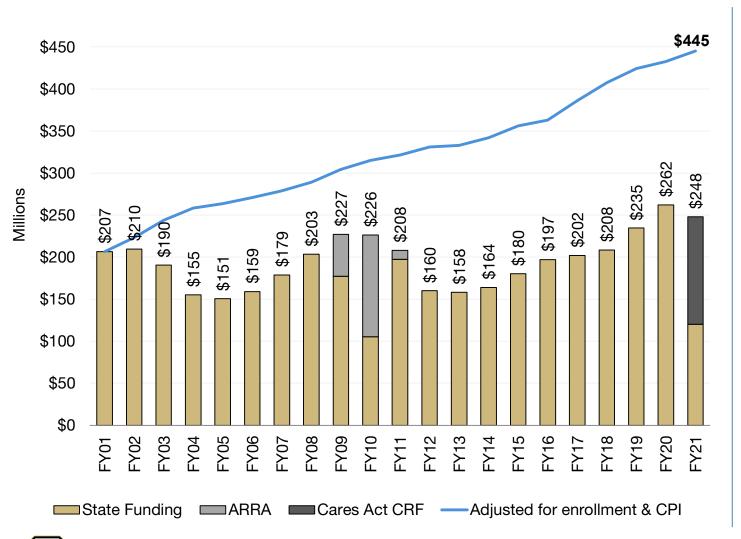

For illustrative purposes, FY2021 state support includes all Federal Cares Act CRF. Without these funds, state support drops to 19%.

Note: Percentages based on nominal (unadjusted) dollar amounts. Data 1993 to present based on Budget Data Books; Prior to 1993 based on State Appropriations Reports and CU Regents meeting minutes;

History of State Funding

In FY 2021, state funding to CU is \$248 million (including tobacco settlement and marijuana research funds plus federal CARES Act funding).

Adjusted for inflation and enrollment, the university needs \$197 million to maintain the purchasing power it had in FY 2001.

For illustrative purposes, FY2021 state funding includes all Federal Cares Act CRF.
