

Guest Membership Program

Keep your children's health care costs covered—even when they're out of state.

If you and your children are covered by **the CU Health Plan - *Exclusive***, you can apply for Guest Membership for your dependent child(ren). This grants your dependent child(ren) additional, temporary, out-of-state health care coverage in participating states*. **Note: *Guest Membership is enhanced coverage and is not a separate health plan.***

To get started, call Anthem's Customer Service @ 1-800-735-6072 to express interest in the program.

After membership verification has been completed, member will be directed to Anthem's Guest Membership department to provide additional information on how to apply and complete the online application process.

If member does NOT have access to a computer, **Guest Membership can fax, email or send by U.S. mail the personalized application. Complete the form and return it to the email or fax address listed on the application.**

If the application is approved, you can expect your coverage to begin within 10 calendar days of the date on which it was received.

Guest Membership will send you your Guest Membership card for regular, out-of-state health care visits.

Please note: For Prescription coverage, the Guest member **MUST** use their CVS Caremark ID card in order to obtain any prescriptions.

***Remember:** Guest Membership is a temporary enhancement to the CU Health Plan - *Exclusive* plan only. **To extend Guest Membership, you must re-apply annually.**

Anthem's Guest Membership program is currently available in 30 states; however, it's unavailable in Puerto Rico and the following 20 states:
