# Recruiting Platform Upgrade

The university is upgrading its recruitment platform [from Taleo Recruiting to Fluid](#):

- ▶ Go-live date for the new system was Tuesday, August 25.
- ▶ Guides are available on the HCM Community site under [Recruit & Hire](#) and [interactive training](#) is available in SkillSoft.
- ▶ The new system (Fluid) functions similar to the outgoing platform (Taleo), with the same core processes and configurations, but with a more modern and user-friendly visual interface.
- ▶ This change comes in response to Adobe's decision to discontinue updates and support for Adobe Flash, which the current platform is based on.
- ▶ The use of Legacy Recruiting (Flash-based Recruiting) will end with the sunset of Adobe Flash at the end of 2020.

## ► Requisitions > Filter Options

The screenshot shows the 'Requisitions' page in the Fluid Recruiting system. The left sidebar, titled 'Filters', is highlighted with a red box and contains the following options:

- Show requisitions: I own or collaborate on (dropdown)
- ☐ Include inactive requisitions
- ▼ Requisitions
  - Status
    - ☐ Draft
    - ☐ Pending
    - ☐ Open
    - ☐ On Hold
  - Requisition ID:
  - Working Title:
  - Job Field:
  - Organization:
  - Primary Location:
  - Hiring Manager:
  - Job Posting Owner:

At the bottom of the sidebar are 'Apply Filters' and 'Clear All' buttons.

The main content area shows 'Requisitions (0)' with a 'Create Requisition' button. Below this is a table with columns: Title, ID, Position Number, Employment Group Posting Type, Department, and Job Posting Owner. The table is currently empty, displaying 'No data to display.' and '0 item(s) selected.' The page number is 'Page 1 (0 of 0 items)'.

# Verify faculty contracts correctly reflected in payroll

**All faculty contracts should be entered by now. Please complete the following steps to verify their accuracy:**

- ▶ Boulder and Colorado Springs: review August payroll registers to verify faculty payroll matches their 2020-21 contracts
- ▶ Denver: faculty contracts don't begin until September, so once you receive September payroll registers, verify your faculty payroll against their 2020-21 contracts
- ▶ Make any pay rate changes, if necessary. Learn more in [this blog post](#).

# New short-term disability rules for classified staff

Short-term disability benefits changed on July 1 with updates to how paid leave factors into the benefit.

- ▶ During the 30-day waiting period before short-term disability benefits begin, employees are required to use accrued leave, including the use of accrued annual (vacation) leave once accrued sick leave has been exhausted.
- ▶ Employees no longer need to exhaust their sick leave to begin receiving the short-term disability benefit.
- ▶ When an employee is receiving disability payments, they may choose to augment the short-term disability benefit payment with accrued sick leave first, then annual (vacation) leave to make themselves whole, earning 100% of pre-disability earnings.

For questions regarding this new regulation please contact the benefits team: [benefits@cu.edu](mailto:benefits@cu.edu) / helpline: 303.860.4200 option 3

For more information please visit this link: <https://www.cu.edu/blog/work-life/short-term-disability-benefits-classified-staff-will-change-july-1>

# New short-term disability rules for classified staff.

## Payroll Implications

- ▶ STD will pay 60 percent of an employee's salary. They can supplement the rest of their pay using available leave time.
- ▶ Employee must remain on paid status in order to use leave time. Maximum use of Leave time per month should represent 40 percent of the employee's 100 percent salary.
- ▶ A code of RPF (reduction pay flat) needs to be entered to decrease the 100 percent salary by 60 percent, the amount being paid by the STD vendor. A negative is needed in front of the RPF amount.
- ▶ When leave time has been exhausted, the employee goes on LOA.
- ▶ VAA and SCA must be entered to decrease the 100 percent leave accrual. The RPF code will not dock the accrual. Employees should only accrue leave based on their use of leave time; it should not include the 60 percent STD pay.

# Leave certification will occur from Sept. 25 to Oct.25

- ▶▶ Coordinate leave adjustments with Campus HR.
- ▶ Employee questions regarding leave balances should be directed to Campus HR.

## Questions from September 1, 2020

Are hourly students and instructors eligible for sick and vacation time now? How many hours are they eligible for and does this start from September 1? Also, if the hourly students and instructors fall sick or test positive for the virus are they eligible for paid leave?	<p>The State Sick law passed for Colorado goes into effect January 1, 2021. Stay tuned for more information on how that will work for CU.</p> <p>Please work with your campus HR for eligibility determination.</p>
Is Administrative Covid Hourly Pay in My Leave the FFCRA leave for student employees?	<p>Technically no, but deciding which code to use should be determined by your Campus HR. When Payroll says "FFCRA Leave Pay" they are usually speaking about FCH/FQH for hourly employees, and FCS/FQS for salaried employees.</p> <p>More information can be found on the ES website <a href="https://www.cu.edu/hcm-community/pay-employees/tracking-covid-19-wages-paid">https://www.cu.edu/hcm-community/pay-employees/tracking-covid-19-wages-paid</a></p>
Will you be talking about the deferred payroll option, for FICA, that starts today, Sept 1st?	<p>CU is not implementing the optional Tax Holiday. FICA tax procedure will not be changing.</p>
Will you all be covering the Payroll Tax Holiday that went into effect today?	<p>CU is not implementing the optional Tax Holiday. FICA tax procedure will not be changing.</p>

## Questions from September 1, 2020

Leave Certification - will there be System office communication out or will campuses need to message this change in dates and "how to" ?

Individual emails will be sent to employees. There will also be additional communications to come in the work/life blog and again in the newsletter. There will also be notification in the employee portal.

Will you please remind me when ES will adjust employee vacation balances to restore up to 80 hours of leave swept, per Regent decision and State of Colorado for classified staff? when to the leave sweep vacation hours get put back?

The Regent decision left the adjustments a decision at the local level. Campuses are making different decisions on how to apply this, and you'd want to reach out to them to determine eligibility for an employee.

Any adjustments need to be applied to an off-cycle payroll before the September monthly payroll is confirmed in order for the adjustments to be seen by the employee for their certification. For an employee to see leave adjustments during the Leave Certification, those adjustments need to be entered prior to September monthly payroll being confirmed.

Check with Campus HR on eligibility for any leave sweep "give back"

## Questions from September 1, 2020

Will benefits notify us when the employee qualifies to go on STD	Campuses, Department and individual supervisors can email <a href="mailto:benefits@cu.edu">benefits@cu.edu</a> if they have questions about an STD claim for their employees. Notices are not sent out, however the information is available if requested.
If an employee is approved for STD and they do not let us know they could be overpaid. Will there be someone in Benefits we could reach out to so we could verify if an employee was approved for STD and what approval date is?	Please utilize the email <a href="mailto:benefits@cu.edu">benefits@cu.edu</a> in order to get this information. Benefits is happy to provide it to supervisors. Employees are notified that they should contact their employer to let them know about their approval, as any income received will reduce their weekly STD payments. If overpayment happens, please contact the Benefits office so that we can inform the insurance company.
Is there a query that will include demographics for the unit?	Certain demographics are tracked by campus HR offices. You may email <a href="mailto:hcmdata@cu.edu">hcmdata@cu.edu</a> for specific needs for your unit.

# Q & A - Previous Call

## Questions from the August 4, 2020 call

Boulder uses Taleo to collect new employee personal details, will this change ?

Boulder will continue to use Taleo/Fluid Recruiting for certain recruiting (direct hire) processes -- that will not change.

If a classified staff employee retires this September does the employee get the additional 80 hours vacation accrual in the vacation payout? The employee's vacation hours were not swept as they were not over the new limit.

Per our guidance linked below, any temporary increase of hours does not change the maximum number of hours that can be applied to an employee's termination payout. Regarding any give back of hours (cancelling leave sweep) the decision to do this is at the campus level, and is not a unilateral give-back of hours. Check with your campus on their policy for who may be eligible.  
<https://www.colorado.edu/hr/2020/05/26/campus-approves-flexibility-leave-sweeps>

In terms of terminating an employee, if they are expecting a final paycheck, when should that termination date be?

Termination date should be the day after their last work day. Pay can/will still be processed for the time they were active

Is there a new task being launched in Cornerstone for employees regarding updating their 2020-21 PMP?

The PMP process is campus specific. Reach out to your campus HR office for additional guidance.

Is the Sexual Misconduct training in Skillsoft the current one employees need to retake by September?

The Boulder and System training has already been updated. UCCS training is scheduled to go live on 8/14, and UCD/AMC training on the 17th.

# Q & A - Previous Call

## Questions from the August 4, 2020 call

if we are on My Leave, do we still need to do leave certification?

Yes, this is a system wide process, and all employees who are eligible for leave need to certify their balances.

Was there or will there be emails sent out on leave certification?

Individual emails will be sent to employees. There will also be additional communications to come in the work/life blog and again in the newsletter. There will also be notification in the employee portal.

Will there be training provided before the Fluid recruitment tool goes live?

There will be no structured training. All impacted guides and courses Skillsoft courses will be updated.
