Accessing Candidates: From Shared Folder (optional)

An alternative to accessing candidate profiles from the requisition and candidate list is through shared candidate folders. Your department user may use shared folders to store high-priority candidates waiting for your review.

1. From the CU Careers welcome center, click View Candidates.

2. From the Quick Filters panel, click the folder tab.

3. Click the arrow next to the Shared folder.
4. Click the folder containing the candidates you want to review.

The candidates in the folder appear in a list for your review.

**Reviewing Candidate Applications**

When reviewing candidate applications within CU Careers, you can use the Prescreening section, within the candidate profile, and the Attachments tab that contains all application materials to review a candidate’s qualifications.

1. Click the name of the candidate whose profile you would like to review.

2. To view the candidate’s answers to prescreening questions included in the application, click the small arrow to the right of the Job Submission tab at the top of the page.
3. From the dropdown, click **Prescreening Questionnaire** to go directly to the section.

4. Review prescreening questions and answers. A green check mark next to the answer indicates the candidate’s response.

5. To review a candidate’s attached documents associated with the job submission, click the **Attachments** tab form the candidate’s profile.
You can either click the document from the File Name column to download it for review, or click the document from the Converted File column to view it in HTML using your browser.
