# My Leave for HCM Community Members

This guide describes tasks that HCM Community Users can perform in My Leave, the university's time-keeping system. HCM Community Users include payroll and personnel liaisons (PPLs) and department users who are authorized to update data for their department.

As a user of My Leave, you should already have set up your own preferences as described in My Leave Basics: Setting Preferences and Entering Time Step-by-Step Guide.

If you are a supervisor wanting to approve time or designate a proxy, refer to My Leave for Supervisors Step-by-Step Guide.

# **Maintaining Accurate Position and Job Data**

Because My Leave is integrated with HCM Position data, Job data, and CU Time, PPLs and Department users should regularly review and update Position and Job data fields for My Leave to process correctly. When changes are made in Position and Job, they are automatically reflected in My Leave.

The following fields from Position data feed to an employee's Job information, and then to My Leave:

- Reports to (position number) The person in this position approves timesheets and leave requests in My Leave for the employee.
- Standard Hours Used by My Leave to calculate earnings coded as Additional Time Straight (ATS), Additional Regular Hours (XRG), Overtime (OTM), and Compensatory Earned (CME) for non-exempt employees.
- FLSA Status Exempt or non-exempt for overtime calculations.

**Note:** If Position data and Job data do not agree, the Update Incumbents option was not selected in Position data when an update was made. This can be corrected by creating a position change with the Update Incumbents option selected. Refer to *Updating a Position Step-by-Step Guide* for more information.

# **Reviewing Employee Time Worked and Timesheets**

As a department user, you have an additional tab labelled Department Employees. This tab lets you review the calendar and timesheets of employees in your department.

#### **Reviewing Time Worked**

To review an employee's time worked:

- 1. Select the **Department Employees** tab.
- 2. Type the employee ID of the employee.
- 3. Click Search.
- 4. Select **View Calendar**. From this tab you can review the employee's time worked by the calendar month or week.

#### Notes:

- Employees are responsible for reporting their time correctly, adding time worked, and requesting leave. At the end of the time period, employees should certify and submit timesheets to their approver.
- Department users have the ability to make changes to timesheets, but should only do so if it is a business necessity.
- You will receive a notification message warning that you are making changes to another employee's calendar.

#### **Reading My Leave Balances**

You can also see balances in Calendar view. Balances listed in My Leave are updated after each monthly payroll cycle and off-cycle process (if your balances have been updated).

Balances	Act/Proj	Begin Date	Previous Earnings	Begin Balance	Prior Month Posted	Adjustments	Usable Balance	Not Taken	Taken	Ending Balance
Sick	Projected	09/01/2016	10.00	277.550000	0.00	0.00	0.00	0	0	277.55
Vacation	Projected	09/01/2016	14.67	211.200000	0.00	0.00	0.00	0	0	211.20

- Balances: Identifies Sick and Vacation rows.
- Act/ Proj: Differentiates between past months, current month and future months.
  - Actual = past months.
  - Open = current month, not processed yet.
  - Projected = future months.
- Begin Date: Displays the month and year that you are currently viewing on your Calendar tab.
- **Previous Earnings:** Displays what accrued in the last monthly payroll run, or if status is Projected, what would normally be accrued from the previous month's work. If you work less than 100% of time, this will reflect in the amount earned. If you are unsure of your accrual rate, review these details on the Employee Services web page.
- **Begin Balance:** Displays the amount at the end of the previous month, not including the amount to be processed for that previous month. Exception time is processed one month after the fact.
- Prior Month Posted: Displays the number of hours to be processed in the next payroll process.
- Adjustments: Department Payroll contacts have the ability, if needed, to update balances in an off-cycle payroll process. If this occurs, you will see those hours listed in this column.
- Usable Balance: Displays the amount of the beginning balance minus Prior Month Posted and Adjustment hours.
- Not Taken: Displays sick and/or vacation hours that have been requested but not yet approved or processed.
- **Taken:** Displays **sick hours only** that are marked as Taken rather than being submitted and approved through a request to the supervisor.
- Ending Balance: Displays the total remaining balance after deducting Taken/Not Taken from the useable balance.

# Loading Approved Time to CU Time (CU Department Timesheet Review)

Once timesheets are approved, they are ready to be loaded into CU Time for payroll processing. CU Department Timesheet Review is the tool used to load approved timesheets into CU Time.

**Warning:** Approved time is not automatically loaded into CU Time for processing. Approved timesheets **must** be loaded to CU Time prior to the payroll deadline using CU Department Timesheet Review.

To review the status of your department's timesheets, you can run the My Leave Timesheets query from the WorkCenter. This report can be run for any time period and shows you the current status of all My Leave timesheets.

# Loading Timesheets

Load all the timesheets that are listed as Ready to Load (exempt and non-exempt) to CU Time. If an employee timesheet displays as Posted, it has already been uploaded to CU Time.

1. Select the checkboxes of those employees whose timesheets are listed as Ready to Load.

**Note:** You can click the Select All button to select all the checkboxes. Similarly, you can click Deselect All to clear the checkboxes.

2. Click Load to CU Time.

**Note:** Clicking Load to CU Time loads approved timesheet information to CU Time. All timesheets must be loaded to CU Time every pay period unless they have no time to report.

When the process is complete, the system displays a message indicating the number of timesheets loaded, and updates the payment status to Posted or No Exceptions to load.

#### Allowing Changes to Posted Timesheets (Prior to Payroll)

If an employee needs to make a change to a timesheet that has posted to CU Time:

- 1. Select the check box of the employee
- 2. Click the **Deny Timesheet** button.

**Note:** The Deny Timesheet button should only be selected when a timesheet is in Posted status, and payroll has not processed yet.

- 3. Allow the employee to cancel the approved timesheet, make changes and resubmit it for approval.
- 4. Once the timesheet is approved, load it to CU Time for processing.

## **Exporting Timesheet Review Results**

# **Understanding Payment Status Values**

The following table describes payment statuses for both exempt and non-exempt employees. A checkmark appears in the column of the employee type for whom the status may apply.

Payment Status	Description	Exempt	Non- Exempt
Not Created	The employee has not submitted a timesheet, but there is time to report. PPLs can use the Auto Create function to generate timesheets for exempt employees. Only approved time will be loaded to CU Time.	$\checkmark$	
No Exception Time to load	The employee does not have leave or overtime that needs to be reported.	$\checkmark$	$\checkmark$
Ready to Load	The supervisor has approved the employee's submitted timesheet.	$\checkmark$	
Requested	The employee has submitted the timesheet and the supervisor needs to take action.	$\checkmark$	$\checkmark$
Approved	The supervisor has approved the employee's submitted timesheet, and it is ready to load to CU Time.		$\checkmark$
Denied	The supervisor or department user has denied the employee's submitted timesheet. The employee should cancel the timesheet and submit a new one for approval.	$\checkmark$	$\checkmark$
Not Submitted	The employee has nothing to report. If you use the Auto Create function and this status does not change, it is because this exempt employee has nothing to report.	$\checkmark$	
Posted	The timesheet has been loaded into CU Time.	$\checkmark$	$\checkmark$

## Assigning a Proxy and Reassigning Work

HCM Community members have access to set a proxy for a supervisor and reassign timesheet and leave requests submitted prior to the setting of the proxy.

- 1. Navigation: NavBar> Navigator> Smart Solutions> Smart Workflow> Workflow Admin> Assign Proxy and Reassign Work.
- 2. Select the User ID of the supervisor for whom you are setting the proxy.

The system displays the page where you can set the proxy and reassign previously submitted requests. This page should only be used for Leave approval and Timesheet requests.

3. Select the User ID of the person who will be the proxy. You can have the same person for both timesheet and leave requests. Or have a different one for each. Refer to the *My Leave for Supervisors Step-by-Step Guide* for more information.

**Note:** HCM runs a security process four times a day that picks up the proxy settings; therefore, the person you saved as the proxy may not have immediate access through the portal.

#### Reassigning Approval on a Limited Basis (Admin Approval Inbox)

A department user may need to reassign timesheets on a one-by-one basis or for a pay period. The Admin Approval Inbox lets you select the transaction type, such as CU Timesheet Approval or CU Leave Approval. The next option would be to look for the employee by name or employee ID, then you can approve, deny, or reassign just this employee. You can use the lookup (magnifying glass) to search for the employee's approver operator ID.

# **Essential Services Employees**

Essential Services Employees are defined in the Non-Person Profile under Additional Duties. Vacation and sick hours add to the work hours in the week for these employees, and overtime is paid when the sum of all hours is over 40 for the standard week. The Essential Services check box will be selected in My Leave on the Timesheet view. In the CU HCM User WorkCenter, there is a query for all Essential Services Designees.
