# My Leave for Supervisors (Approving Time and Assigning Proxies)

This guide describes tasks that supervisors can perform in My Leave, the university's time-keeping system. Supervisors are responsible for approving employee timesheets and leave requests. Timesheets should be approved by the 10<sup>th</sup> of the month. Supervisors who are unable to approve requests due to absence can assign a proxy to manage approvals on their behalf for a defined period of time.

As a user of My Leave, you should already have set your preferences as described in <u>My Leave Basics:</u> <u>Setting Preferences and Entering Time Step-by-Step Guide</u>.

To access pending approvals,

- 1. From the portal, click the **HCM** tile.
- 2. Click the Notifications icon located at the top of the page.

The Notifications menu displays pending actions.

# **Changes to FLSA Status: Exempt to Non-Exempt**

My Leave is not effective dated, so a change to FLSA status will carry over to previous months. If you have an employee whose FLSA status has changed from exempt to non-exempt, work with your department payroll liaison to ensure that all time worked is being reported correctly. If the employee reports only exception time, they will be docked for hours not worked.

# Assigning a Proxy to Perform Your Approvals

A proxy is someone you designate to manage your approvals on your behalf, such as when you are out of the office for a period of time and will not be available to approve your employees' My Leave requests. A proxy can be assigned to a specific transaction type or to all. Supervisors must should set up their own proxies.

This guide begins with steps for adding one proxy for all transactions, and then shows how to add one or several different proxies to individual transactions.

**Note**: If a proxy has been established, only the proxy will receive the timesheet and leave requests, not the supervisor.

To assign a proxy:

- 1. From the portal, click the **HCM** tile.
- 2. Click the **Employee Self Service** drop-down and select **Manager Self Service**. The Manager Self Service dashboard appears:

	Manager Self Service		Q	4	:

- 3. Click the **Assign a Proxy** tile. The Proxy page appears.
- 4. If the proxy is being established for the first time, click the **Add a New Value** tab. You must know the User ID of the proxy.

**Note:** The User ID is different from an employee ID. A selection list will display, and you can select the employee from the list.

7. Click the person's name.

8. Select the timeframe you want the proxy to perform approvals.
