

# Human Capital Management: Step-by-Step Guide

## Maintaining a POI Relationship

This guide contains procedures for maintaining a Person of Interest (POI). Maintaining a POI includes updating the sponsor, department or business unit, extending the planned exit date, as well as activating or inactivating a POI. If you want to add additional POI types (security access) to a POI, refer to *Adding an Additional POI Type Step-by-Step Guide*.

### Contents

5
6

## **Before You Begin**

Before updating a POI record, you should have the following information available, depending on what information you are updating:

- The Person ID (same as Empl ID) assigned to the POI whose record you are updating.
- The Department and Campus Business Unit associated with the POI and POI Type you are updating. These values are required.
- The position number of the sponsor for this POI relationship. The sponsor is a university employee responsible for the POI.

**Note:** HCM requires an active sponsor for every POI. If there is no sponsor currently defined, the system will require you to add one when making any changes to a POI.

#### **Navigation tips:**

### HCM Community Users

Procedures in this guide begin from the HCM Community Users dashboard:

- 1. From the portal, click the **HCM** tile. The Employee Self Service dashboard appears.
- 2. Click Employee Self Service.
- 3. Click **HCM Community Users** to display the dashboard.

The NavBar displays options for accessing other systems. Through the NavBar, you can select CU Resources to access systems on the portal.

The magnifying glass is called a look up and displays search results for you to select valid field values.

The book and checkmark lets you spell check text boxes.

The down arrow lets you hide, or collapse, sections you do not want to view.

Click the row to expand the section.

## Navigating to the Maintain POI Relationship Page

The procedures in this guide are performed from the Maintain POI Relationship page.

To access the Maintain POI Relationship page:

- 1. From the HCM Community Users dashboard, click the Non-Pay Actions tile.
- 2. Under Personal Information, select Maintain POI Relationship.

3. In the **Empl ID** field, enter the Person ID of the POI.

Maintain POI Types			
Enter any information you h	ave and click Se	earch. Leave fields blank fo	r a list of all values.

### Updating the POI's Sponsor

HCM requires an active sponsor for every POI. If there is no sponsor currently defined, the system will require you to add one when making any changes to a POI.

- 1. From the Maintain POI Relationship page, click the CU POI Sponsor tab.
- 2. Click the plus 主 button in the POI Sponsors section. The system adds a row for updating the sponsor.
- 3. In the **Position Number** field, type the position number of the POI's sponsor. You can use the look up to search for and select the position number. After you select the position number, the system displays the position's title.
- 4. Enter the Effective Date.
- 5. From the Status list, select Active. A POI must have an active sponsor at all times.
- 6. Click Save. The Last Updated By time and date stamp will display after saving.

## Updating the POI's Department or Business Unit

The Department and Business Unit are required. To change the Department or Business Unit for a POI:

- 1. From the Maintain POI Relationship page, click the plus 🛨 button in the Security Data section. The system adds a row for modifying the Effective Date, Department and Business Unit.
- 2. Select or type the **Business Unit** and **Department**.

**Warning:** Do not use UCOLO for your business unit. This field should be populated with the appropriate business unit for your campus.

- 3. Allow the Set ID to default to UCOLO.
- 4. Click Save.

## Updating the Planned Exit Date

Employee Services runs a POI mass termination process each month to inactivate POIs with expired planned exit dates. To keep your POIs active, you should regularly review planned exit dates and update them when necessary.

This section describes how to:

- Run a query to identify active POI records and their planned exit dates.
- Review the results of the query.
- Extending the planned exit date for those POI records you do not want terminated.

### **Running the POI Query**

To find a list of your POIs and their planned exit dates, run the CUES\_HCM\_POI\_REPORT.

To run the POI query:

- 1. From the HCM Community Users dashboard, click the HCM WorkCenter tile.
- 2. From the **CU HCM User WorkCenter**, click the **Resources** tab. Query Manager lists the 15 most frequently used queries.
- 3. Scroll down to display a list of queries available to all HCM users and select Click here for ALL.

A list of all HCM user queries appears to the right of the WorkCenter.

4. Click **POI Report** (CUES\_HCM\_POI\_REPORT).

6

5. Type the **Department** number and **A** (for Active) in the fields highlighted below.

Favorites - Main Menu -	
University of Colorado Boulder   Colorado Springs   Denver   Anschutz Medical Campus	All V Search
CUES_HCM_POI_REPORT - POI Report

#### **Downloading Query Results**

To download the results to an Excel spreadsheet:

1. Click **Excel SpreadSheet**. Microsoft Excel opens a spreadsheet with your results displayed in Protected View.

View Results				
Download results in :	Excel SpreadSheet	CSV Text File	XML File	(521 kb)

2. Click **Enable Editing** at the top of the page.

3. Select the contents of the spreadsheet.

F	ILE	HOME	INSERT	PAGE LAYOUT	FORMULAS	DATA	REVIEW	VIEW
A1		- I	$\times \checkmark$	fx POI Rep	ort			
			А			В		
1		eport			703			
2	OI Er	npl ID			POI Last Na	ame		POI First Nam
3	231979	Ð			Automatical States			And and a second
4	258533	3						index .
5	251059	9						Magnet 1
6	254216	5			The second second			Annual State

DA	ATA	
₽↓	Z A A Z	
Z↓	Sort	
	7	-

- 4. From the **Data** menu, select **Sort**. The Sort dialog box appears.
- 5. From the **Sort by** list, select **Column H**, which contains the planned exit date. Oldest to Newest should appear selected under the Order; leave this value so that expired planned exit dates will be listed first.
- 6. Click OK.

8

Sort								?	$\times$
<sup>♣</sup> A Z↓ <u>A</u> dd	Level X Delete Level	[	Copy Level	•	Options		My d	ata has	<u>h</u> eaders
Column			Sort On			Order			
Sort by	Column H	~	Values			Oldest to Newest			<b>.</b>
						ОК		Car	ncel

Review the spreadsheet for any POI records with planned exit dates that need to be extended. POIs with expired planned exit dates will be inactivated the next time Employee Services runs the POI Mass Termination monthly process.

### **Extending the Planned Exit Date**

- 1. From the Maintain POI Relationship page, click the plus 主 button in Person of Interest History section. The system displays a new row with an Effective Date of today.
- 2. Edit the Effective Date, if necessary.
- 3. From the Status list, select A (Active).
- 4. Enter a **Planned Exit Date**. You can enter a date of up to five years from today's date.
- 5. Click Save.

## Activating or Inactivating a POI Record

Occasionally, you may need to activate or inactive a POI record.

- 1. From the Maintain POI Relationship page, click the plus 🛨 button in the Person of Interest History section. The system displays a new row with an Effective Date of today.
- 2. Update the Effective Date, if necessary.
- 3. From the Status list, select either A (for Active) or I (Inactive).
- 4. Update the **Planned Exit Date**. You can enter a date of up to five years from today's date.
- 5. Click Save.
