 To connect, enter the following information: Under CA Certificate, select "Use System Certificates" or "Do not Validate" from the dropdown. 	3:59 🕲 🗟 ₁ា 56% 🖬 ≺ eduroam
 In the Identity and or username fields, enter your CU username (lastnamefirstinitial) appended with the @cu.edu realm; username@cu.edu. Please Note: in this case, @cu.edu does not represent your email address but rather the institution that you are using for authentication. In the Password field, enter your CU system password. Once the information above matches the example, click Connect and the screen should change to show the network connecting. It may cycle through saving, obtaining IP address, and connecting before resting on connected. This is normal. The phone should also show a full Wi-Fi icon 	EAP method PEAP ▼ CA certificate Don't validate No certificate specified. Your connection won't be private. Identity username@cu.edu Password
in the upper notification bar.	Advanced
You know you have connected your device to the eduroam Wi-Fi when you see the words "Connected" under eduroam.	4:18 △
