

How to Connect to Eduroam Wireless in Windows

GUIDE PURPOSE: How to Connect to Eduroam in Windows

How to Connect to Eduroam in Windows:

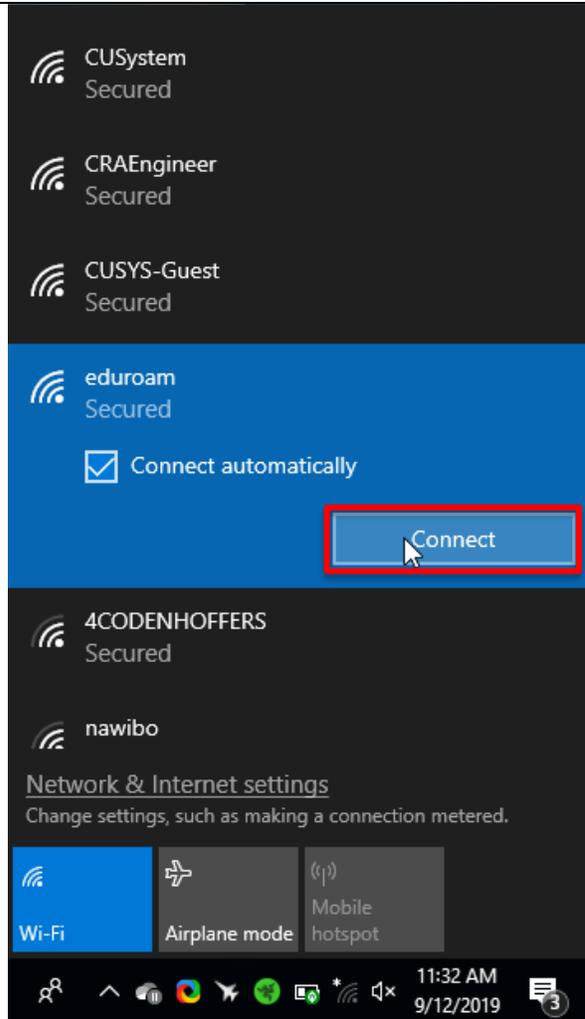

<p>From your Desktop, find the Wireless icon and select it.</p>	 A screenshot of the Windows taskbar. The wireless icon, which is a white signal tower symbol on a dark background, is highlighted with a red rectangular box. To the right of the icon, the system tray shows the time as 11:31 AM on 9/12/2019 and a notification icon with the number 3.
<p>In the popup, locate the Eduroam wireless.</p>	 A screenshot of the Windows network settings popup. The 'eduroam Secured' network is highlighted with a red rectangular box. Below it, other networks like '4CODENHOFFERS Secured', 'nawibo Secured', and '4CODENHOFFERS-5 Secured' are listed. At the bottom, there are buttons for 'Wi-Fi', 'Airplane mode', and 'Mobile hotspot'. The system tray at the bottom shows the time as 11:32 AM on 9/12/2019.
