### Reputation

Media coverage in ad value equivalency

2014 Baseline: \$5.3 million

2015 Actuals: \$46.6 million\*

2020 Goal: \$10.5 million

Story positivity percentage for media coverage

2014 Baseline: 90%

2015 Actuals: 74%

2020 Goal: 92%

\* 2015 numbers are heavily skewed by national coverage related to the death of UCCS Police Officer Garrett Swasey. Positivity percentage was affected: though the *amount* of positive coverage was nearly double year-over-year, the amount of coverage deemed negative algorithmically because of proximity to word such as "shooting" and "death" impacted the results, and may not accurately reflect that the tone of the coverage for the university was generally positive.

# Financial Vitality Cluster - Measurements

Tuition and Mandatory Fees	2014	2016 Estimate	2020 Goal (2)
