Consistency rule: Under the Consistency Rule, the election change is on account of and corresponds with the Qualifying Life Change that affects eligibility for coverage under an employer's plan. Changes to benefit plans must be consistent with the Qualifying Life Change and correspond with a gain or loss of eligibility for coverage.

Short Term Disability Late Enrollment Penalty (LEP): Employees who do not apply during their new hire/newly eligible enrollment period are subject to the LEP. This means that if a claim is filed for anything other than an accidental injury during the first 12 months after coverage becomes effective, short-term disability benefits will be subject to a 60-day waiting period, rather than the regular 29-day waiting period.
